Grand Jury to Investigate Vice

Special Session Monday; DA 'Wants to Indict'

The Contra Costa Grand Jury will meet in special session Monday night in Martinez to hear reports of vice and gambling in the county.

John A. Nejedly, district attorney, said he "will seek indictments," but would not disclose any information concerning a special investigation conducted by his office and the state attorney general's office over the past three months.

JOHN DUNLAP, grand jury foreman, issued a "no comment" statement to reports of gambling and vice in Saranap, North Richmond, Port Chicago and Brentwood.

Nejedly admitted Assistant State Attorney General Clarence Linn had been assisting the Contra Costa District Attorney's office in the investigation of vice and gambling in the county.

A key point in the investigation was a "Smoker" held in the Holy Ghost Hall in Saranap July 11.

REPORTS on the smoker incident have ranged from "a quiet private party" to "heavy gambling and lewd exhibitions," according to persons who were at the affair.

Reportedly, the party had been promoted by Raymond Van Tassel of Danville, Sheriff Walter F. Young's campaign manager in the 1958 elections.

Young has denied he had given Van Tassel permission to promote or operate the smoker in the I.D.E.S. Hall, just outside the Walnut Creek city limits.

In a formal statement, issued by Young yesterday, the sheriff flatly discounted the reports his office was given "protection" to gambling by claiming Nejedly's statements to be "unsubstantiated."

"I CAN'T UNDERSTAND why the district attorney didn't confer with this department prior to releasing his statements concerning the department," Young stated.

"The people in this county, since I have been in office, have been receiving top level law enforcement and every local complaint is investigated by this office," he continued.

Young added to his statement, however, that he would seek the dismissal of any officer who had broken any of the rules or regulations of the department.

George Gordon of the Martinez law firm of Carlson, Collins, Gordon and Bold conferred with Sheriff Young Wednesday afternoon.

GORDON, in a statement to The Sun, explained the sheriff was not in need of personal legal representation and the facts of the matter as presented to him will not lead to any criminal complaints by the grand jury.

Young added, in his opinion, he is sure the grand jury will find the reports of the district attorney to be "erroneous" and the sheriff's office will receive the praise of the jurors.

The grand jury will hear reports of the operations of the Richmond, Oakley and Central substations of the sheriff's office, included the main station in Martinez.

Moraga Board Meets Monday

The regular meeting of the board of trustees of the Moraga Elementary School District will be held at the Donald L. Rheem School Monday at 7 p.m.

This meeting is being held instead of the third Monday in July which is the regular meeting night due to vacations.

Trustees will discuss the proposed new school site in Moraga, the library, teachers' evaluation sheets and the school curriculum for 1959-60.

PG&E Gas Rates Are Increased by 40 Cents Locally

The California Public Utilities Commission today authorized the Pacific Gas and Electric Company to increase its gas rates to offset the higher cost of gas it will purchase from El Paso Natural Gas Company.

The increased rates which are to be charged to Pacific Gas and Electric Company will be passed on to the company's customers. The increase to the average domestic customer amounts to 4.95 cents per thousand cubic feet over present rates. PG&E estimates this amount is slightly less than 40 cents a month.

The total over-all increase to PG&E customers amounts to \$12,927,000 annually, an increase of 5 per cent.

El Paso Natural Gas Company, which supplies more than 70 per cent of the natural gas sold in this state, has applied to the Federal Power Commission for higher rates which it has asked permission to put into effect on August 1, 1959.

The higher El Paso charges will be subject to refund if the Federal Power Commission denies them or if the rates authorized by it are lowered.

The California Commission directed the attention of the company to its duty of vigorously resisting all proceedings before the Federal Power Commission which involve gas rates affecting California, to the end that the interests of customers of California utilities will be fully protected.

Students Going Abroad Under Exchange Plan

Robert Newman, son of Mr. and Mrs. Frank C. Newman, has been notified by the New York office of the American Field Service that he will leave Montreal August 26 for Italy where he will spend the fall and early winter as an exchange student from Miramonte High School.

He will live with Mr. and Mrs. Francesco Mescho and their family of two boys and one girl in Lecco, Italy. Lecco is about 35 miles from Milan.

David Dail, son of the Howard M. Dails, left New York on the Holland American Steamship "Zuiderkruis" and landed in Rotterdam where he and other AFS students were greeted with a talk by the mayor and a band.

Then all the students for Germany got on a special train for Dusseldorf and all the Berlin bound ones had several days of sightseeing before leaving for their homes in Berlin. His family in West Berlin is composed of Dr. and Mrs. Ernest Wegner and two teen-age sons.

He has written to Mrs. T. F. Mika, A. F. S. chapter president in Orinda that, "I went to school with Hartmut, my 16 year old brother today for the third day. I spoke about the U. S. in four classes, three English classes and even a German class."

"Two days ago all the exchange students in West Berlin and their brothers and/or sisters (German) went on a bus tour of the city. We went all around West Berlin and then into East Berlin for about one hour. When we came into East Berlin everyone on the bus was quiet. It is something like a dead city."

There are young people in Germany this summer under the A.F.S. exchange program. Forty-seven are in West Berlin.

Resident Loses Control of Car

Local resident Mrs. Georgia May Lucas and her son Chris, 7, escaped serious injury last week when their car plunged over a steep embankment on Loma Vista Drive, rolled 25 feet and came to rest against the garage of a residence below.

Mrs. Lucas, of 3 Camino Del Cielo, was going downgrade on Loma Vista when she lost control of her auto on a turn, she told officers.

The car plunged through a five foot high hedge, rolled down the embankment.

Orinda Girls Terrorized By Young Intruders

Seven Piedmont and Oakland boys broke into an Orinda home during the early morning hours Wednesday morning and conducted a siege of terror and vandalism.

According to Contra Costa County sheriff's deputies, the youths broke into the home of Henry John Van Ree, 48 Longridge Rd., just after midnight, menaced two teen aged girls and their housekeeper, broke furniture, china and lamps valued at \$1,000.

Mrs. Helen C. Whitney of 2603 E. 23rd St., Oakland, the housekeeper, told deputies that the youths came to the Van Ree home shortly after she and the girls had retired.

Susan Van Ree, 14, and a friend, Sonia Marie Jensen, 15, of Oakland, were in a room across the hall from Mrs. Whitney's.

Van Ree, a frozen food locker merchant, was out of town on business.

One boy forced a window and entered the girls' room while his six companions stayed outside. The girls awoke screaming, officers were told.

They fled to Mrs. Whitney, who told officers that she had been startled by the sounds of scuffling and was terrified.

The first boy was joined by his friends. They first attempted to

break down the door to Mrs. Whitney's room and then set out on a campaign of vandalism.

They broke furniture, ripped upholstery, smashed china and glassware, tore pictures from the wall. Mrs. Whitney, on a telephone extension in her room, called Contra Costa County sheriff's deputies. After she had hung up, the boys broke through her door and ripped the extension from the wall.

Mrs. Whitney said that the boys did not molest her or the girls in her room.

When sheriff's deputies arrived, four of the boys had fled the scene. Officers grabbed the three remaining youths as they came out of the house.

Sheriff's Deputy William A. Waldeck said that one youth submitted to arrest but that the other two fought him and Deputy John Scott.

"One of them tried to clip me with a piece of manzanita wood," Waldeck said.

The boys were booked for attempted criminal assault, attempted burglary and curfew violation.

Mrs. Whitney said that the Van Ree home had been burglarized several days ago and that Van Ree had asked her to stay with his daughter and friend while he was out of town.

Tudor Report Explained At Orinda Chamber Meet

Robert Latchaw, assistant road commissioner for the county, briefly outlined the major points of the Tudor report to members of the Orinda Chamber of Commerce at their Tuesday meeting at the Casa Orinda.

Latchaw explained that the Tudor report is based on future traffic needs for the projected increase in county population into the years 1970, 1980 and on into 2000.

"IT IS not a hard and fast plan, but a guide to the county as far as its traffic needs are concerned," Latchaw said.

Latchaw told chamber members that if all the recommendations in the report were to be carried out, a deficit of \$93,000,000 would be borne by the county.

The report is based upon three main categories, he said—"local arterials, county roads and freeways."

Latchaw substituted for County Public Works Director Victor Sauer, who was unable to attend as scheduled. He had been called to Sacramento to testify on the county's water problems.

Chamber of Commerce President Jim Lucas presided at Tuesday's meeting.

Clarence Betz, chamber secretary, reported that the county traffic engineer reports that plans are ready to go ahead with a stop signal to be located at Brookwood and Camino Pablo in Orinda.

Betz said that he had thanked Mark Kermit, of the county public works department, for the installation of "Keep to the Right" signs on Bryant Way.

Orinda Park Wins Over Sleepy Hollow

The Orinda Park Pool swim team won its second victory over Sleepy Hollow in a three-way meet with the Sleepy Hollow and Antioch teams Wednesday, July 15.

The outstanding Park swimmers were Peg Hart, winning the girls' 8 and under breaststroke and freestyle races, Gail Haywood, in the girls' 12 and under freestyle and butterfly, Lorna Olsen, in the girls' 12 and under breaststroke, Tim Pardini, in the boys' 12 and under freestyle and breaststroke, Greg Peterson, in the boys' 14 and under butterfly, and Charlie Ward, in the boys' 16 and under freestyle.

The final scores were Orinda Park, 450; Sleepy Hollow, 123; and Antioch, 96.

The next meet for the Park will be a close one, against the Livermore Aqua-Cowboys.

The Orinda Park's new coach, Stan Pedder, has done a wonderful job in coaching the swimmers so far.

Stan has replaced coach Jerry Hays, who is serving his internship in the Army.

Fire District Meeting Set for Next Thursday

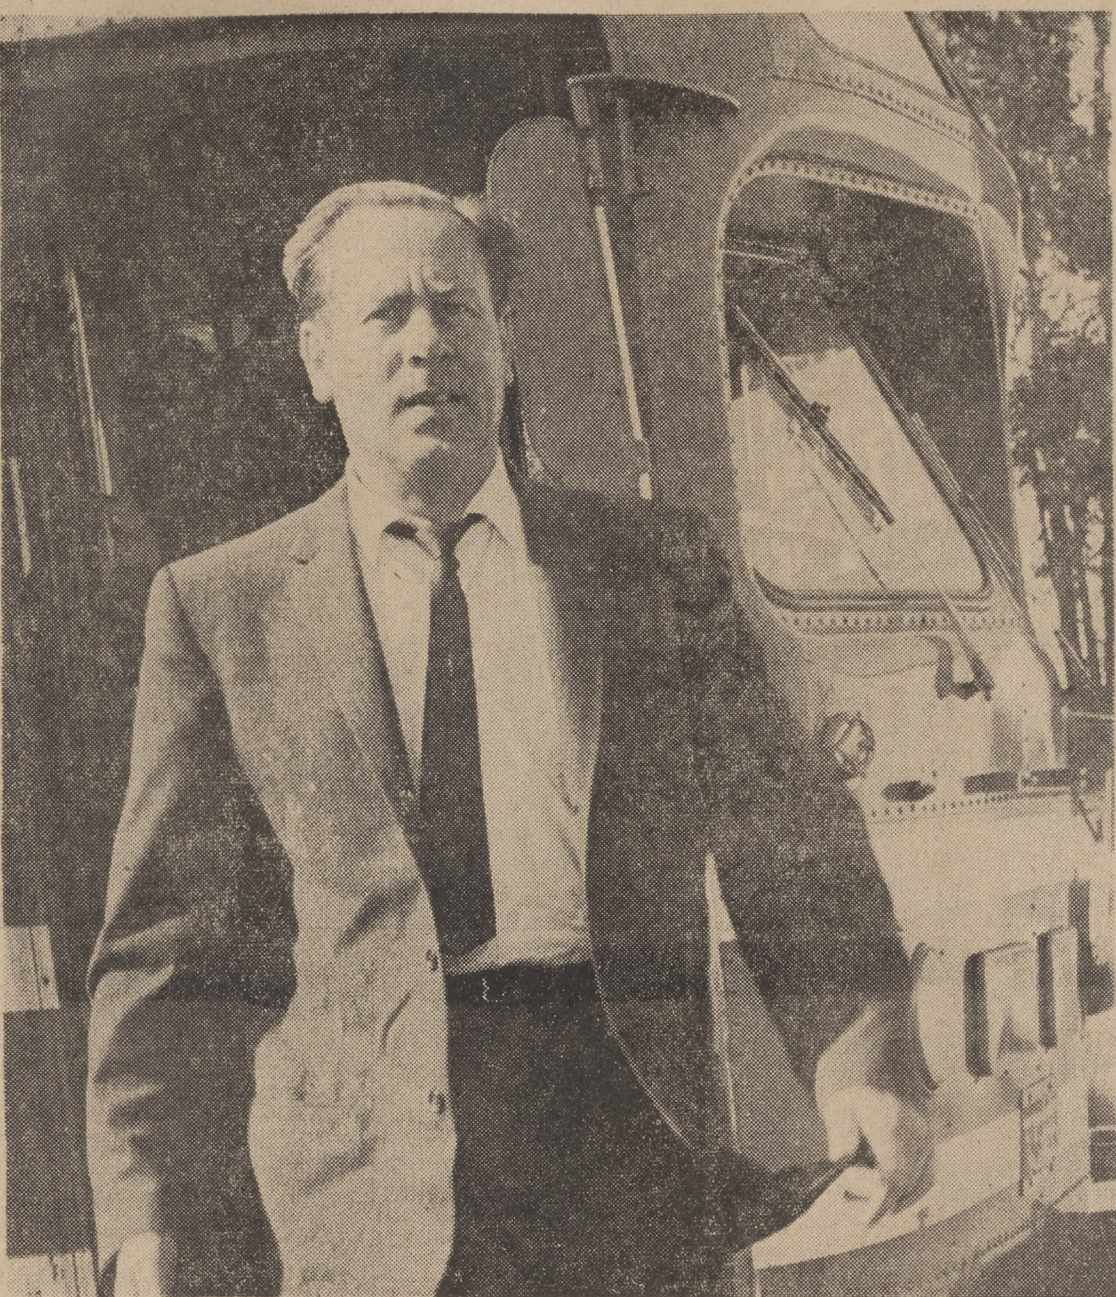

The regular meeting of the Orinda County Fire Protection District will be held next Thursday, July 30.

Usually the meetings are held on the fourth Thursday of each month but a quorum was not available last night.

The meeting will be held at 7:30 p.m. in fire house number 1.

Grand Jury Banned from Operations Investigations

By BOB RAPIDA

"It is hard to believe that the legislature would pass and the governor would sign a bill preventing the investigation of crooks."

So spoke Assemblyman Bruce F. Allen, (R) San Jose, against a bill preventing the investigation of housing authorities by county grand juries.

AB 1110, AUTHORED by S. C. Masterson, (D) El Sobrante, was signed by the governor last week. It had been

opposed by the Contra Costa County Board of Supervisors, the Contra Costa Grand Jury and the Contra Costa District Attorney.

The bill declares that the non-criminal actions of local housing authorities are free from the jurisdiction of grand juries, but explicitly states that no provision of the bill prohibits prosecution for violations of state law.

Jerome Waldie, (D), Antioch, slammed out at the bill, noting he had voted against it and exclaimed it appears to be a "bad law."

Masterson, meanwhile, in an interview with The Sun, claimed the law would accomplish two worthwhile ends:

"It would take the auditing of housing authority books out of the hit and miss category and establish regular auditing procedures."

"IT WOULD TAKE grand juries out of the witch-hunting business."

The bill specifies all funds of audit by a federal agency shall be audited at least once each year at the expense of the housing authority by the State Department of Finance or by a certified public accountant approved by the director of finance.

John A. Nejedly, Contra Costa district attorney, agreed with Waldie by noting he was against any proposition which would curtail the investigative powers of the grand jury.

Masterson pointed out the bill was aimed particularly for Los Angeles County where a number of grand jury investigations into the activities of housing authorities have been held.

The assemblyman asserted the grand jury in that county was "being used as a political tool by persons opposed to public housing."

THE EL SOBRANTE legislator further commented the bill had been opposed by the California Real Estate Board and the California Savings and Loan Association whom he termed as "two housing authorities not subject to the grand jury."

Contra Costa's Grand Jury, along with the 57 other county grand juries in the state, will no longer have this power.

Teens Find Volunteer Work Worthwhile and Enjoyable

More and more teenagers are making their summer vacations more meaningful and productive by giving of their time at various county health departments, hospital, or recreation programs, and philanthropic organizations, according to Mrs. Arnold Schultz of Alameda, acting director of the volunteer bureau of Contra Costa, a United Crusade agency.

For many of the teenagers this will be the second summer they have volunteered their services with the closing of schools for the summer vacations.

"DURING interviews many specify a preference for working with the health department or a recreation program. In most instances we place them according to their aptitude and interest.

However, occasionally an organization has need of teenagers that might not be high on the preferential list. When we place the teenager and they see the need for that particular job they

In the Good Old Summertime

THE JULY MOON, turning in one week, from a wedge of a Mandarin Orange into a fat round fireball. Have you not seen it? We MEAN it!

SATURDAY Sightings . . . Harriet Fisher, wearing a gay sprig of violets on a navy suit & still humming to herself the favorite tunes of "My Fair Lady" which she'd matined in SF.

The Robert Bolmans stopped to shop for a few necessities, the last lap of their long trip home from the Eastern seaboard in their new, white T-bird they picked up in Boston.

Getting away from it all, Barbara Lincoln, mother of SIX, has the right idea. She soloed for the first time last week (LOVES to fly) & is now brushing up on aero rules & regs to get her pilot's license! That's ONE place the kiddies can't follow after!

CHRISTMAS in JULY . . . for Elaine Moore & her dgtr. Patilynn who have spent the past week, sans male members of the family, blocking their own Xmas gift-wrap paper. Another arty-smarty is Charlotte Chapple who is patiently putting together a 9'x4' mosaic tile depicting a Calif. Vineyard scene w/tilles, driftwood & glass grapes.

Molly Nelson threw something in the way of parties . . . luncheon for creative ladies who can do things w/their hands. (Tell me, Molly, did anyone bring hubby's Sox to mend?)

TAHOE-bound (or back) w/tell-tale tans are the Hugh Riegers, the Dave Smiths . . . ditto Caroline Hays . . . The Riegers have taken along Sharon Stewart as a guest & Susan Stewart is at Young Life camp in Canada, young Steven at camp. This leaves parents, Bernice & John Stewart REALLY having a vacation, all by their not-so-lonesomes!

The Davidsons, Nan & Jim & youngsters, have taken their tents to Yosemite.

By the light of the Silvery Moon

EARLY reservations for the Orinda Park Barbecue & Dance tomorrow night incl. Connie & Wes Smith, the Bill Roses, Catherine & Charles Schoner, Sven & Francesca Thoolen & the Jim Winfrees. MORE to dance in the light of the moon & Japanese lanterns incl. the Dick Bottlers, Bob Lesters, Stan Hunns, Don Woodcocks, June & Dick Hale, the Murray McNeils to name a few. Call Jean Cullen pronto if you want reservations! (I'm lazy, so look up her number yourself!)

LITTLE Donald Wayne Drews, grandson of Ernest & Helen, was christened at the Orinda Community Church last Sunday. His parents, the Carl Drews, were happy to have Gloria's mother Mrs. Paul Farnell here from Minnesota for the Big Occasion.

The Del Browns, who have more energy than 20-year-olds, have built another house high on El Toyonal & have sold their Loma Vista manse.

NO REFLECTION: People who live in glass houses sure have a lot of windows to wash!

That Darn new Dam!

WE HOPE YOUR vacation started off more successfully than did that of the Richard Hersey family of La Sombra Ct. Dick having built his own sailboat, tried & tested it locally, looked forward to sailing the Sac River sloughs.

The first day of his vacation they took the boat out up there, didn't know a new dam had been opened causing swifter currents, boat turning over & he & boys were in the water 2 hrs. hanging on to their lifejackets with NOT a few alarming circumstances.

MORE SAILORS . . . John & Betty Williams of Canon Dr. who are on a week's sailing trip up the Delta.

Harold & Norma Bowers & their boys will wear their 10 gal. hats to the Ellensburg Rodeo in Wash. later next month.

Lady, I have a helicopter here!

PLENTY OF EXCITEMENT last wk. early as the helicopters hunted for the missing Highway Patrolman. Plenty of excitement for Betty Mitchell's boys who woke up & yelled, "Hey, Mom, there's a helicopter in a backyard up the street." "Oh, sillies, go BACK to BED!" said Mom, who then casually looked out to see that, Heavens, it was SO! The plane had put down till the fog lifted.

SUDDEN THOUGHT: What DID we all wear before Zoris, Beachwalks, Zombies or Slops or whatever YOU call 'em came to our footwear rescue from Japan?

If you keep losing one of a pair, just buy the whole family ALL the same color. That way, there's always a spare to match around.

HOME from a 6 wk. Tour of Europe are Eleanor & Jim Jackson (He's the Party Service Man whose "Bon Appetit" is one of the best little food mags around!) ALONG on a group-business-tour they visited the champagne vaults & wineries of France & Italy, loved Switzerland & whiled away some time in Weisbaden, Germany & Holland, flying home from London by JET. The Jacksons sailed over on the S.S. Liberte of the French Line.

September 19 is already being circled by LOMBARDY Branch members & friends for their favorite arrival traditional party—the Steak Barbecue at Orinda Country Club which this year will have for its theme "An Arabian Night."

ORINDA ORIOLES are starting their tkt. sales early for a Mt. Diablo Therapy Center benefit Luncheon Sept. 23 to be held at 7 different homes. The home of member Mary Gray will feature a fashion showing for non-bridge players who prefer clothes to Call Phyllis Stuart or Vera Berry for early reservation sat \$2.50.

Sheriff's Detective Crack 68 Burglaries in County

Sixty-eight burglaries amounting to \$44,625 were cleared from the files of the Contra Costa Sheriff's office as two notorious burglary rings were smashed by sheriff's detectives.

The roundup included 13 persons ranging from 15 to 26 years of age, all of whom lived in the West Pittsburg or Pittsburg areas.

CREDIT FOR THE solving of the burglaries and the arrests was given by Sheriff Walter F. Young to Detective Dave Gardella and Detective John Kirscher.

Apprehended were Edward Owen, Robert Eagle, Vernon Hughes, Virgil Greene, Billy Lo-baugh and Larry Maxwell. The remaining seven are juveniles under 17 years of age.

Eagle and Owen were arrested by the Antioch police department in the early morning hours of June 16 during a roof-top burglary of the Vogue Club in Antioch.

Detective Gardella was assigned to question the two. Information developed indicated that they were responsible for other burglaries in the county.

THE QUESTIONING by Gardella led to the solving of several burglaries in the Pleasant Hill area. Included in the 68 were:

PX Market, Gregory Village on January 21, 1959, which was a roof-top burglary in which they admitted an attack on the safe.

Cannery Sales on September 24, 1957. Entry was made by forcing the back door—took meats only; i.e., chickens, steaks, chops, sausage and bacon—total of \$154.

THE HOWATT Beverage Company on Willow Pass Road extension on June 10, 1959. Gained entry through the rear door by first boring a hole in the door and then sawing the door in two. The safe was attacked, but no entry made. Other articles were taken.

Villa San Ramon, at Highway 21 and Crow Canyon Road. Gained entry through the rear by boring a hole in the outside wall, then ripping the boards from the wall. Broke into the amusement machines, removed the money, attacked cigarette machine in which the money and cigarettes were taken, and also money from the back bar.

In all, the Owens gang committed 43 burglaries. There were seven in Antioch, three in Pittsburg, 19 in the county, three in Alameda, two in Oakland, one in Berkeley, six in Stockton, one in

Frank Young To Head Muir Fund Drive

Mrs. Frank E. Young of Walnut Creek has accepted chairmanship of the \$750,000 John Muir Memorial Hospital building fund general solicitation campaign.

Working with her are Mrs. Harold Bates and Mrs. Frank Malley of Lafayette and Mrs. Charles Hart and Mrs. Harmon Howard of Walnut Creek.

James Kilpatrick, Lester Hink, Jack Marchant and E. P. Sawyer of Lafayette and Howard Wiedemann of San Ramon have agreed to serve on the advance gifts committee.

Mrs. Jeannette Couter of Walnut Creek also is taking part in the building fund drive.

A feeling that active general solicitation should begin in September after popular vacation time is strongly indicated in the community, according to a campaign spokesman. Advance gift solicitation and contributions from commerce and organizations are beginning before the general drive, however.

Eye-catching posters picturing John Muir Memorial Hospital with the slogan, "A Room May Be for You," are ready for distribution under direction of Mrs. Albert A. Valcke and her volunteers.

Attractive full-color brochures picturing John Muir Memorial Hospital are being obtained at nominal cost through cooperation with two other hospitals using the same printer for somewhat similar, but individual, brochures.

An across-street campaign sign will be erected in Walnut Creek by Frank E. Sellers. Possibilities are being investigated for across-street banners in towns of the campaign area.

A 10x15 foot descriptive sign is being erected on the 10 acre Ygnacio Valley Hospital building site by Stolte, Inc., building contractors.

Women's volunteer straw hats are being trimmed with red carnations, streamers, and "John Muir Memorial Hospital" bands by Mrs. Irwin Robinson and Mrs. Albert Taylor of Walnut Creek Junior Women's Club. These hats may be obtained at campaign headquarters until the supply runs out.

A new question and answer fact sheet concerning John Muir Memorial Hospital and its building fund drive is being readied for wide distribution and also will be available at the 1353 Locust Street campaign headquarters. Interested persons are invited to inspect hospital floor plans, pictures, and equipment there any weekday between 9 a.m. and 5 p.m.

Campaign details are being worked out in weekly executive committee meetings of campaign heads with individual chairmen.

Campaign general chairman is Edmund S. Barnett, Walnut Creek attorney. Howard L. Sehlin, Wal-

nut Creek banker, heads the finance and solicitations committee including Bruce Copeland, insurance man; Dr. Frederick M. Hanson and Frank A. Marshall, realtor.

Fire Gear Shift Poses Problems

County supervisors favor a proposal to move East Contra Costa Fire Protection District equipment from Gerould Gill's Marsh Creek Lodge to the county prison farm, as does a committee of fire district commissioners.

However commissioners have agreed that the equipment shift is going to pose some problems. A committee composed of Lee Higgins, Forrest Englehart and Fire Chief Al Baitz has been instructed to study the ramifications of the move and report to the board on August 11.

Employment of a full time crew is not feasible and the time required for volunteers to go to the new location and move the equipment to a fire must be considered.

County Again Named as Rabies Area by State

Contra Costa County has again been declared a rabies area. Eight members of the nine member region 4 rabies advisory committee voted unanimously to recommend the action at a public hearing held last Monday at the State Department of Public Health building in Berkeley.

Alameda and Marin counties were declared rabies areas along with this county.

A group of local residents challenged a rabies area declaration action taken at a March 28 hearing on the grounds that a quorum was not present at the March meeting, thereby invalidating the action.

Upon hearing testimony from the protesting group, the Contra Costa County Board of Supervisors requested Monday's rehearing.

Committee members then vot-

ed to accept the minutes of the March meeting, "as a report of the action taken, but also accept the fact that the action was not valid and should be reconsidered."

The committee declared the three counties rabies areas after hearing health department statements regarding cases of rabies discovered here.

George L. Humphrey, doctor of veterinary medicine for the State Department of Public Health said that eight rabid skunks had been found in Contra Costa County in 1958.

HE TOLD COMMITTEE members that a skunk found in a barn in the Castle Hill area of Walnut Creek, last week, was found to be rabid. This is the first case of rabies reported in the county in 1959, Dr. Humphrey said.

JC May Abandon Stoneman Site

Industrial development along the north edge of Camp Stoneman may lead the Contra Costa Junior College District to give up its 100-acre site for its third college campus.

District Superintendent Drummond J. McCunn told trustees yesterday that the Southern Pacific Railroad is interested in acquiring the site, at the northeast corner of the base, for industrial development.

Although the college has the opportunity to buy the land before it is put up for sale to private firms, McCunn suggested the college might give up the location "if Pittsburg would rather have the S.P. locate there, resulting in a higher assessed valuation."

McCunn explained that the district will not need a third cam-

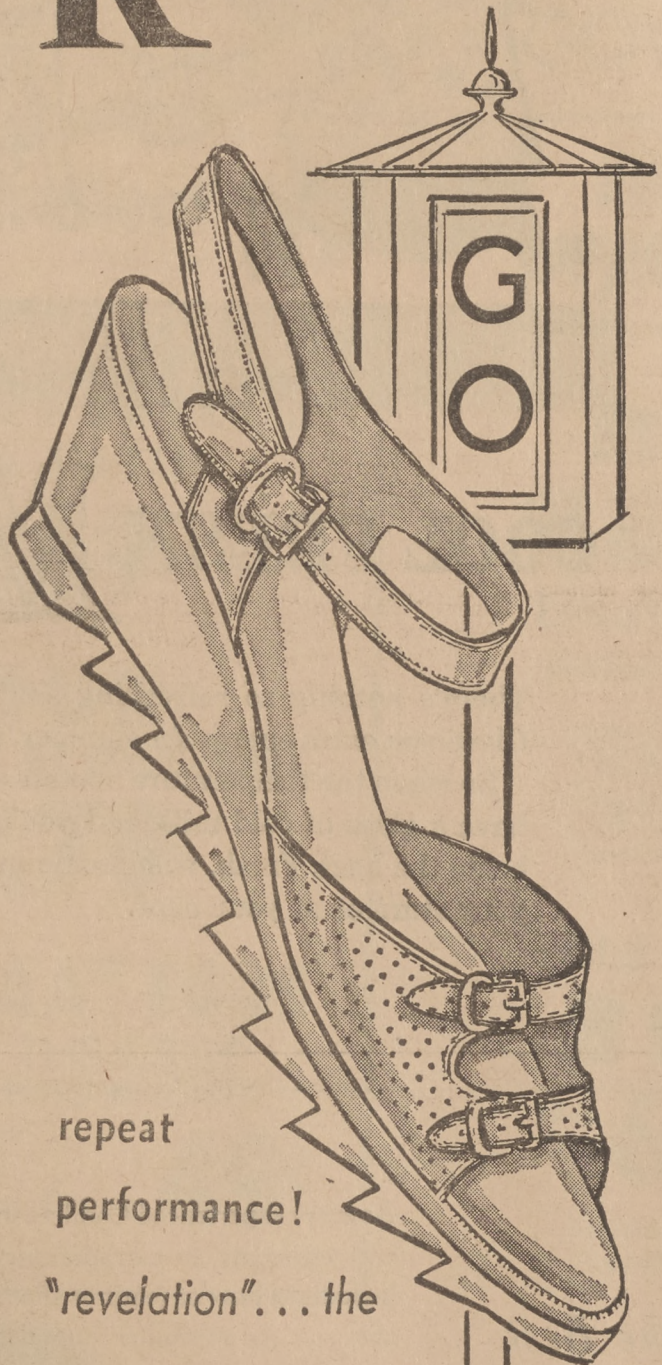

pus for from four to five years, and that in the meantime, even though the land could be purchased from the government for very little, taxes would total almost 20 per cent of the open market land value.

Director said that if the site were abandoned, the campus would shift farther east, to Antioch, or even Brentwood.

BEAUTY

Age before beauty. That's the word at United Crusade Volunteer Bureaus. Right now, they're looking for senior citizens—men and women with time to spare and time to give. If you—or someone you know—is over 60, and would like to help others, there are plenty of opportunities in nonprofit community service agencies.

THIS IS how the new St. Anselm's Episcopal Church and parish hall will look when completed on the Glenside area of Lafayette. Ground will be broken for the structures Sunday in ceremonies to begin at 2 p.m. The unique building and the 48-foot bell tower were designed by Olav Hammerstrom, architect. A model of the church is currently on view in the American National Exhibition in Moscow.

New Rector Name For St. Stephen's Episcopal Church

The Rev. C. Corwin Calavan, outstanding locally and nationally as a teacher of classes in prayer and the devotional life and as a pastoral counselor, will be the new rector of St. Stephen's Episcopal Church.

He will assume the duties of his post in mid-September. He comes to the Orinda church, where he already has numerous friends among the congregation, from St. John's Episcopal Church, Montclair, where he has served there as rector for the past seven years.

DURING HIS ministry, Mr. Calavan has always been active in inter-church and community activities and serves on many diocesan committees. He is at present vice president of the Oakland Council of Churches, has worked with the council of social agencies and alcoholic anonymous, and has served on the board of trustees of the Lincoln Home for emotionally disturbed children.

He is a graduate of the University of Oregon and the law school here, and practiced law in Portland for five years. During the war he served in naval intelligence and in the navy's legal department.

UPON RETURNING to civilian life he decided to enter the ministry and enrolled at the church Divinity School of the Pacific, Berkeley, from which he was graduated in 1949. He is currently president of the alumni association of the school.

He went on for extensive training in pastoral counseling before accepting his first post as rector of St. Matthew's Episcopal Church, Portland.

While there he was active in work in alcoholic rehabilitation and marital counseling, and served as a member of the state committee on alcoholic education and rehabilitation. He was also chairman of the governor's committee on the investigation of patient care in all state mental hospitals.

He was called to St. John's in 1952, and has since served on many diocesan and community committees and as a member of the faculty of special schools and laboratories. He has become widely known as a leader of retreats and quiet days, and has conducted schools of prayer in which more than 1000 persons of all denominations have been enrolled.

LAST SUMMER he and his wife Frances, were sent by a devoted parishioner to the Lambeth conference in London and on a tour of the Holy Land.

Mrs. Calavan is also a graduate of the University of Oregon, where she majored in home economics and minored in psychology.

She has just completed a term as worship chairman of the diocesan Episcopal Church Women.

THE REST of the family includes Sharon 15, Charles 14, Nancy 10, and Robert 6.

New St. Anselm's Church To Be Constructed Here

Ground will be broken Sunday for St. Anselm's Episcopal Church and parish hall to be built on Michael Lane in the Glenside area of Lafayette.

The Rt. Rev. and Venerable Henry H. Shires, bishop and archdeacon of the diocese, will officiate at the service of ground breaking to begin at 2 p.m.

ASSISTING will be the Rev. Clarence Stacy, vicar of St. Anselm's, and the Rev. William Pothier, assistant rector of St. Stephen's Episcopal Church, Orinda, who will be Chaplain to the Bishop.

Helping to break ground will

be John Holman, warden of the church and William Sims, chairman of the building committee.

THE UNIQUE church building, designed by architect Olav Hammerstrom of Detroit, will feature a central altar illuminated by a shaft of light descending from a large cupola. Approximately 300 persons may be seated in the pews arranged in four sections around the altar.

A free-standing 48 foot bell tower, surmounted by a six foot redwood cross, will be located across a concrete plaza from the church.

THE PARISH hall will include

a large room for meetings as well as a study for the rector, a sacristy, and a kitchen. The proposed plan also includes three buildings for Church School classes. Exteriors will be of redwood shake and board-and-batten.

A CHURCH of similar design by architect Hammerstrom located at Wellfleet, Massachusetts is being featured in a photographic exhibit of architecture at the current American National Exhibition in Moscow.

A model of St. Anselm's church is included in the display.

Refreshing Summer Drink... LOTS OF ENERGY TOO!

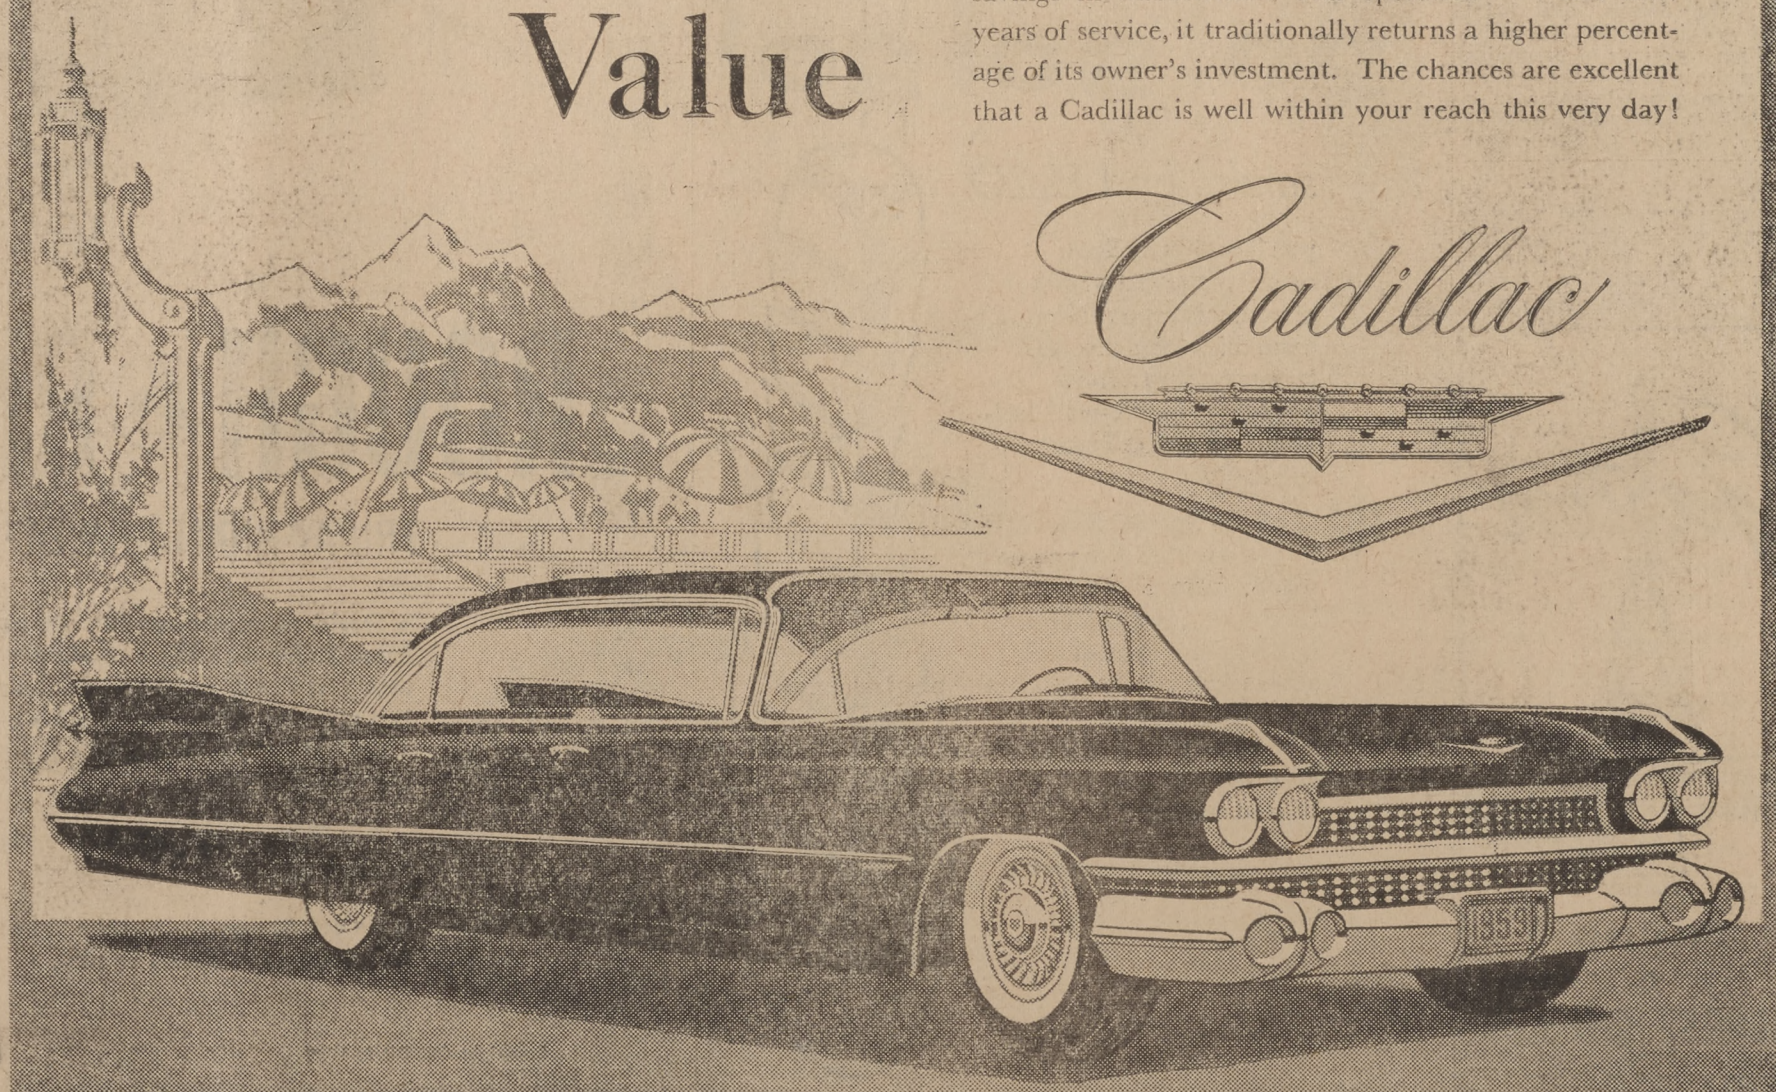

COOL FRESH MILK

There's nothing so refreshing as delicious ice-cold milk. Gives you extra energy for summer, too.

So when the temperature mounts and your thirst rises... have a glass of cold milk and you'll get a lift that really beats the heat. Fresh, wholesome milk costs so little... at your store or at your door.

Unquestioned as the Best Value

As every experienced Cadillac owner knows, the Cadillac car represents an extraordinary value. Its initial price includes a host of features that cost extra on most other cars... its sturdiness and dependability assure great savings in maintenance and operation... and after years of service, it traditionally returns a higher percentage of its owner's investment. The chances are excellent that a Cadillac is well within your reach this very day!

County Provides School Services For Disturbed

Six elementary and unified school districts and one high school district will receive psychiatric services for disturbed children during the school year 1959-60 under a program jointly operated by the Contra Costa County Health and School departments.

County Superintendent Floyd Marchus said that other requests for services were denied because the psychiatric services are limited by the inability of the health department to employ as many psychiatrists as authorized. Guidance workers and others on his staff, however, will receive in-service training from the health department psychiatrists and will be available for consultation in the districts.

districts: Walnut Creek, Danville, Union, Pinole, Hercules, Union, Pittsburg Unified, Martinez and Orinda Union.

Pacifica was the only high school granted such service. Its selection, Dr. Marchus said, was based upon a pilot plan for

securing information which would be valuable to other schools. Even though restricted by lack of psychiatric personnel, the services to be provided in 1959-60 still extend beyond the program of any previous year, said the superintendent.

Dr. Franz W. Wassermann of Walnut Creek supervises the program.

75 Girls Doing Volunteer Work at Herrick Hospital

The summer doldrums haven't hit a certain representative segment of East Bay girls ages 14 through 19. Rather, they are making the patients' day brighter by working as volunteers at Herrick Hospital.

Pinafores in two bright cheery colors are in evidence daily, the cherry red of the American Hospital Association and the apple green traditionally worn by the Girl Scouts.

Seventy-five girls are engaged in jobs ranging from clerical assistants and gift shop workers, to hospital aides working on the floors under the nurses' supervision.

Orientation to this program was given at sessions held at the hospital on June 6th and June 15th, with Miss Nobu Uratsu, R.N., Herrick assistant director of nursing; Mrs. Eohta Douglas, R.N., a medical-surgical nursing supervisor; and Mrs. M. A. Jackson of the Girl Scouts in charge.

The Girl Scouts of the Berkeley-Albany-Kensington Council, the Cordones Council of Camp Fire Girls, the Junior Red Cross and the YWCA of Berkeley, have each taken a day a week throughout the summer, and keep the Junior Volunteer positions at Herrick staffed with their willing workers.

In addition, one day is staffed by non-affiliated volunteers recruited through the Youth Volunteer program of the City of Berkeley and supervised by Herrick volunteers. Each agency provides a senior supervisor on their day for these young women.

The program is guided by Mrs. Robert L. Hayner, Herrick's Coordinator of volunteers, and Mrs. Geraldine Young, director of volunteer services at the hospital.

The agency representatives are: Girl Scouts, Mrs. M. A. Jackson, Mrs. A. K. Smith; Camp Fire Girls, Mrs. Orwin Westwick, Jr. Red Cross for the Junior Grey Ladies, Mrs. Thomas Kerr; YWCA, Mrs. Frank Spurrer; Mrs. Donald Burch, Herrick Hospital; Miss Crystal Lilledahl, Miss Margaret Heckendorf, Mrs. Albert McLelland, Mrs. Clifford Robbins.

In their hospital work the girls help feed the patients, fix flowers, run errands, act as lobby hostesses, aid the nurses in many ways.

Twenty-one of the young volunteers have expressed interest in a nursing career, and many others are actively interested in various medical and hospital specialties.

"Although developing an allegiance to the hospital, groups retain their own identity while working at Herrick," says Mrs. Young. "By maintaining an active community service program the hospital is able to provide the setting and the guidance whereby the values inherent in the

State Traffic Death Records Told by Chief

"Last year in California 3500 persons lost their lives, 135,000 were injured and property damage climbed to one-half billion dollars all due to traffic accidents," said Robert I. McCarthy, Director of California State Motor Vehicle Department, in addressing the CCPT Board of Managers at the recent conclave in Los Angeles.

"Strict enforcement of traffic regulations with regard to drunk driving is showing encouraging results. Out of State visitors licenses can and are being suspended," he added.

Mrs. Robert T. Adams, president of the 32nd District CCPT, in reporting on the meeting, states that emphasis on this phase of traffic resulted in part from last fall's Governor's Conference on traffic safety at which time opinions were voiced by Mrs. Norman Hawkins, 32nd District Safety chairman, Mrs. Frank Taylor, first vice-president of 32nd District and Mrs. Frank Perez, representing the Richmond Council of Parents and Teachers.

The CCPT is in support of Governor Brown's "get tough" policy with consistently careless motorists in an effort to stem one of California's prime problems.

Included on the board agenda was the authorization for the study of parole laws and procedures by the CCPT and the allocation of \$145,000 for student loans during the 1959-60 college year. Forty new loans totalling \$45,150 were granted at the board meeting.

Taking a further step in an effort to curb obscenity in mass media, the CCPT will join with the National Congress of Parents and Teachers in a campaign to combat the distribution of objectionable materials to children and youth.

Party Tomorrow

Celebrating the close of a successful year, the Mt. Diablo Alumnae chapter of Delta Zeta and their husbands will have a swim, barbecue and dance in the garden of Dr. and Mrs. William Crepps, tomorrow.

An annual event, the summer swim party is a fun affair. Members recall with pleasure helping both the Berkeley and San Jose college chapters, as well as establishing an award presented yearly at State Day for all Delta Zeta collegiate chapters of Northern California.

At Christmas, food was collected for baskets, and gifts were given to Juvenile Hall and Lynn School. Working with their own national philanthropy project, the Diablo Alumnae have adopted a patient at the U.S. Public Health Hospital at Carville, Louisiana, and have given their support to hard of hearing projects in the bay area.

Local Skin Diving Club Provides Thrills, Fun

Tim Maloney was free diving in 15 feet of water. He had been prying some large abalone off the roof of an under-water ledge.

Then Tim noticed a pair of eyes observing him from further under the ledge.

Quickly, he brought his spear gun to bear and pressed the trigger, releasing the spear.

That's now Tim Maloney bagged the biggest fish, 15 pound cabezone) of last week's trip made by the Lung Bugs.

The Lung Bugs are a newly organized skin diving club for the Lafayette, Orinda, and Walnut Creek area.

Every other weekend the Lung Bugs can be seen cavorting and diving in any one of the many

protected coves that make up the beautiful California coastline above Fort Ross.

Last weekend's diving was very successful, with all members limiting—in large abalone (eight

inches diameter and over) and everyone taking fish.

But even less fruitful trips are always fun with the ocean providing the thrills and companions providing the laughs.

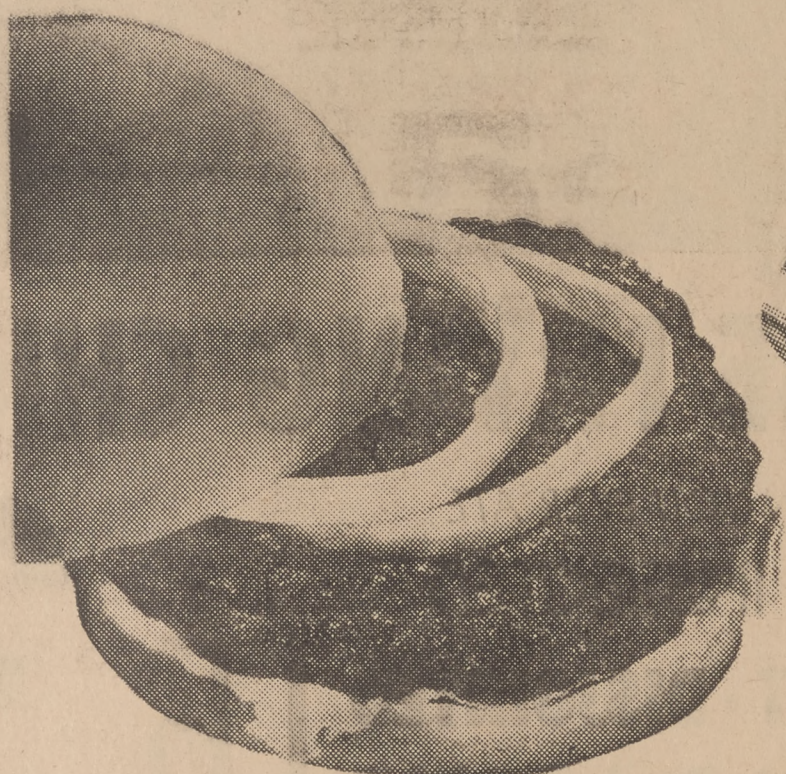

Anyone wishing information about joining the club should call Pat Kelly at CL 4-5823, between 6-9 p.m.

ALUMINUM

What is believed to be the biggest privately owned hydro-electric system in the world is operated by Aluminum Limited, the aluminum producer, in Canada. By the end of next year it will be turning out 4,650,000 horse power.

Remembrance Cards Are Painted by Pepper Branch

A skill especially suited to feminine aptitudes is working in a unique way for Children's Hospital of the East Bay.

Only the meticulous and precise hands of a woman could do the job that members of Pepper Branch carry on to paint the acknowledgment cards sent to the Remembrance Fund of the hospital.

The Remembrance Fund is a special fund of the hospital to which donations may be sent upon the death of a friend, relative or other loved one. Upon receipt of the donation, a beautiful hand-painted card is sent to the bereaved and another to the donor, acknowledging the gift.

Great care is given to the painting of the cards, under the overall direction of Mrs. Edwin Clausen, card chairman. The task doesn't involve great amounts of paint and the usual mess associated with painting. To the contrary, members may paint hundreds of cards using only minute amounts to achieve the beautiful hand-painted cards.

Pepper's twenty members who work on the cards and select members from ten other branches, who assist them, take great pains to achieve at the same time, uniformity and art. A dot isn't just a dot. It is a certain kind of dot. A line is a certain kind of line. In other words, perfection is a must. Before the cards are completed they have been handled seven times, all part of the intricate process of applying the seven colors used to decorate them.

The Remembrance Fund was established in 1921 when a member of the Birthday Club, now another hospital fund, sent a donation to the hospital in the amount of \$50, suggesting that this would save the expense of future collection.

The fund soon grew to include all kinds of remembrances. By 1937, it was necessary to adopt the card acknowledgements due to the growth of the fund. In the beginning, Mrs. Arthur Broad Jr., then a member of Pepper, undertook the task of painting the cards. But as the fund continued to grow, so did the job of painting. It was then that the entire membership of

Pepper took on the project, under the direction of Mrs. J. R. Halsted of Piedmont.

Later, under the guidance of Mrs. Stanley Gerdes, Pepper's card chairman in the early 1940's, standards were set and specific instructions given to members.

Now Mrs. Kenneth McLeod of Pepper trains, instructs and supervises select members from the ten branches who assist Pepper. They are Alder, Bamboo, Birch, Coral, Fir, Hawthorne, Palm, Pine, Walnut and Willow.

Several years ago, friends of the hospital suggested that there should be another fund, whereby the living could be honored through a gift to the hospital. A card similar to the Remembrance Card was sent to the person so honored. In 1958 a committee of Pepper Branch planned a new and distinctive card for this special fund known as the "In Honor Of..." Fund.

Mrs. Eldridge Green, Hill Branch member, designed a striking, new "Bambino" especially for the card. She was assisted in its execution by her daughter, Mrs. Hugh C. Brereton, a member of Pepper Branch. This fund has shown tremendous popularity. Most recently, it was selected as a suitable gift to many of the Children's Hospital debutantes in lieu of the traditional orchids, upon a request from the debs. Painting these cards are Mrs. Clausen, Mrs. George Feltz, Mrs. Joseph Huddleston and Mrs. Jack Moore, all of Pepper.

The Birthday Club, out of which the Remembrance Fund grew, is still growing also. With this fund, a person makes a gift on the occasion of a birthday to the hospital and a lovely card is sent to the honoree.

The Book of Remembrance is a beautiful book of parchment pages which stands on a carved oak lectern in the hospital. It was a gift to the hospital from Mrs. George Lunn, president of the hospital from 1920 to 1928, now of La Jolla, California. Hand inscriptions of each honored name are executed by Pedro Montalbo, who gives hours of time as a gift to the children of the hospital.

Wage Insurance Report Deadline

Next Friday is the deadline for filing California Unemployment Insurance wage reports and paying state unemployment insurance taxes for the second quarter of 1959. A. I. Funke, auditor in charge for the State Department of Employment, reminded employers.

Employers who fail to file wage reports and pay second quarter taxes on or before July 31 will reduce their chances of receiving a lower rate next year.

Funke pointed out that it is not possible to use payments made after July 31 in computing employer tax rates. In addition, penalty and interest will be charged if the report is filed after the deadline.

Here Are Some Good Rules For Safety in Swimming

A lot of people will be doing a lot of swimming this summer, and according to the National Automobile Club, a lot of these people will be getting into trouble.

The first thing you should do to avoid such trouble is to learn to swim and to learn to swim right. Learn to swim so well that you feel quite at home in the water.

ALWAYS SWIM with another person. And be sure that he's swimming close enough so that he can get to you and help you if you start to go under.

Swim in a safe place. If the place has lifeguards around, has official sanction for swimming, it's more than apt to be safe.

Know the area. Before you take any high dives, or even some of these low ones, be sure that the water is deep enough and that there are no rocks or other such objects hidden just under the surface.

FEEL AT home in the water, but always respect it and always be aware of your limitations. Never go beyond the limits of your ability or endurance, never "bite off more than you can chew."

Use some good common sense about when you go swimming. It isn't at all wise to go swimming right after you've downed a big meal or when you're overheated or overtired.

Plant Managers Asked to Help Anti 'Bug' Drive

Letters to a selected group of plant managers, seeking support for the county's anti-litter campaign, brought such a favorable response that a second mailing is going out today to other Contra Costa industrial leaders.

The first appeal, in the form of a letter signed by Chairman W. G. Buchanan of the Board of Supervisors and the Highway Cleanup Committee, brought a score of replies pledging cooperation.

The new mailing was authorized at a meeting of the Highway Cleanup Committee, presided over by H. N. Broatch of the Public Works Department in the absence of Buchanan.

Broatch told the committee

that the plant managers commended the purposes of the roadside cleanup campaign and most of them requested litter bags to distribute to employees through their safety officers.

He said the committee has only 3900 remaining of an order of 30,000 litter bags which it obtained during a six weeks campaign from April 1 to May 15, but that these will be parceled out to industries requesting them, so long as they last. The committee will decide whether to place a new order for the yellow printed bags at its next meeting.

Deputy Sheriff John Kirschner reported that Sheriff Walter Young now has a county truck in service with a crew picking

up litter along the roadsides, and that he is still proceeding with plans to create the position of litter control officer with a full time deputy assigned to the detail.

Secretary Mary Smith said the committee will meet again August 20 at 2 p.m., in the Supervisors' chambers.

Chambers Group Ask County for Promotion Funds

An appeal for an \$185,000 annual subsidy for promotional activities from the Associated Chambers of Commerce of Contra Costa County is under consideration by the County Board of Supervisors.

Board chairman supervisor Warren G. Buchanan suggested that the board and a committee from the chambers meet in conference "to settle this question once and for all" before the county's 1959-60 budget is approved next month.

Buchanan said he had always taken a personal stand against such subsidies. He said that the county is criticized for spending \$50,000 annually on promotional activities of the County Development Association.

Last year the board rejected a similar appeal from the Associated Chambers. Last year's application, however, was not supported by all 13 member chambers, as this one is, Buchanan noted.

Plastic Bags Here to Stay, Be Careful

"Tear up plastic garment bags immediately—or tie them in knots and throw in the garbage can," advises Warren A. Ketterer, M.D., assistant county health officer.

These bags from the dry cleaners, and others, are with us to stay. If families continue to save these bags, we will continue to be shocked with news of infants who suffocate from them.

Cleaning bags are not intended to be makeshift covers or containers. When they are used in this way an infant's face coming in contact with the ultra-thin material can result in blocking the nose and mouth and prevent breathing.

"To protect your pillows, upholstery, mattresses, etc., use only heavy duty plastic covers made for the purpose," the health department's safety chief adds.

Be safe and don't improvise. Keep thin filmy material away from small children, just as you keep matches, medicines, insecticides, knives and other dangerous materials out of their reach.

Dr. Ketterer concludes, "The best method is taking cleaning bags direct to the garbage can as soon as you get clothes from the cleaner."

Bank of America Dividend Declared

A regular quarterly dividend of forty-five cents per share was declared on Bank of America National Trust and Savings Association capital stock by the bank's board of directors meeting in San Francisco.

The dividend, payable August 31 to shareholders of record August 7, is at the annual rate of \$1.80 per share.

Christmas Cards Offered in Heart Research Drive

In line with a new trend in Christmas gift giving, the Contra Costa County Heart Association this year is offering a choice of two Christmas cards to those who wish to make a Yuletide research contribution, according to Chester Bekins, Heart Fund chairman.

Individuals, business firms and organizations, in many instances, have adopted a policy of contributing the usual business or personal gift or Christmas card money to heart research and notifying friends or customers of this method of making a Christmas remembrance.

"Each Christmas season we have inquiries regarding Christmas cards by groups and individuals who wish to make a donation for research as a Christmas remembrance," Bekins said. "This summer, Heart Association representatives from Bay Area counties met and worked out a plan whereby donors may give research contributions in the names of those on their Christmas gift or card list."

The result is a choice of two Christmas cards of original design, stating "In the true spirit of the Holiday Season a gift for research has been given to your Heart Association in your name."

A mailing has gone out to individuals, organizations and business firms suggesting that an early order be placed, indicating the choice of cards, the number needed and the amount of the contribution.

Cards are on display at the Contra Costa Heart Association office at 2030 North Main, Walnut Creek, or a description of the cards will be sent upon request, Bekins said.

"We believe we have cards of striking design that donors to heart research will be proud to send," he said. "Because a large number of cards was ordered by five Bay Area Heart Association chapters, the cost of each card is nominal. This means that almost the entire amount of a contribution will go for heart research. We are hopeful that many people will avail themselves of this means of gift-giving for a life-saving cause."

Competitive Spirit No Hiway Asset

The competitive spirit of most Americans is a great asset on the athletic field, but it is a serious hazard to highway safety, says Captain Russel R. Magill of the California Highway Patrol.

"Competition on the highway takes the form of excessive speed, grabbing instead of yielding the right of way, and cutting in and out of traffic," Magill declared. "All of these actions are unlawful, unsportsmanlike and unsafe, and each accounts for a great number of the traffic accidents in this area."

Noting that traffic safety is "largely a personal matter," the commander of the patrol's Martinez area office added: "We will have fewer accidents and injury and kill fewer people if we substitute courtesy for competition and really try to give the other fellow a break."

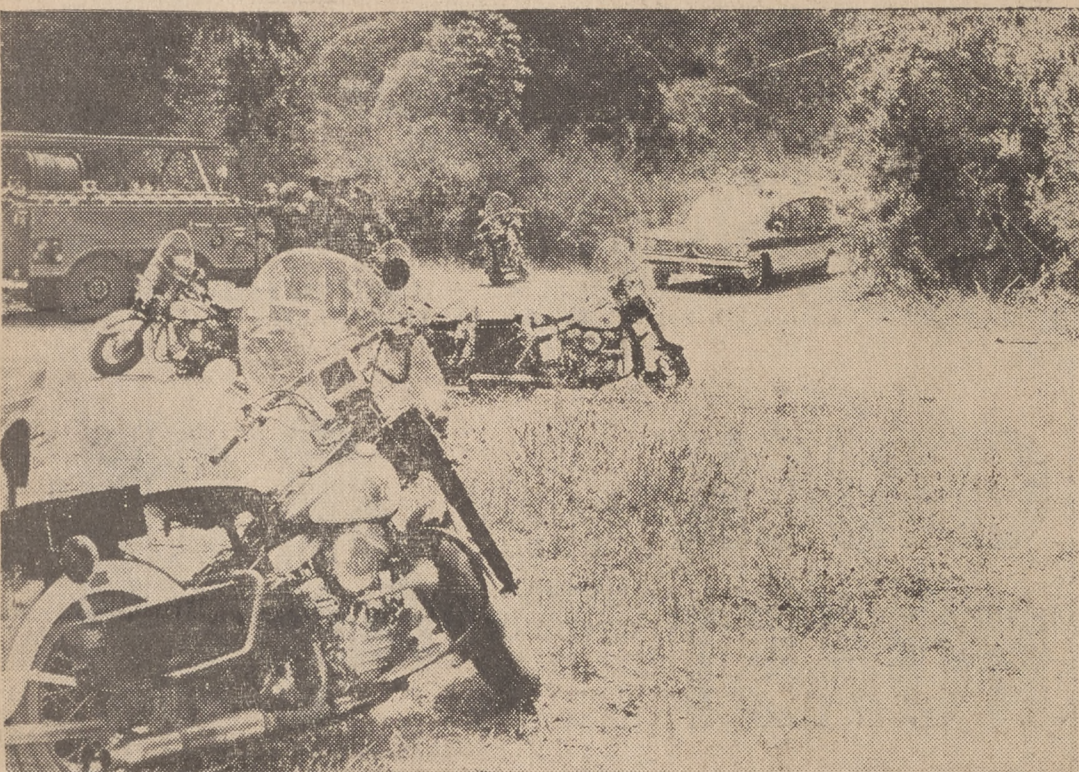

LIVESTOCK

Five thousand livestock will be shown at the State Fair, Sept. 2-13.

Officer Dies of Internal Injuries after Cycle Accident

PATROLMAN JAMES MORTENSON questions Canyon residents in attempt to find out where Kallemeyn was last seen in that area.

MORE THAN 200 pieces of equipment converged on the scene, including motorcycles, cars, two fire engines, an ambulance, pickup trucks, as well as a multitude of gawking onlookers.

Kallemeyn Object of Wide Search in Canyon Ravine

California Highway Patrolman George Edmond Kallemeyn, 30, died Tuesday night at Concord Community hospital from injuries suffered while on duty Sunday.

Patrolman Kallemeyn had been the object of a vast air-ground search when he failed to report to his office or to return to his home on Sunday at the end of his day's work.

HE WAS FOUND pinned beneath his motorcycle in a ravine on Skyline Boulevard in the Oakland hills about noon Monday.

The discovery of the officer and his motorcycle seemed to confirm theories that he hurtled off the road as he chased a speeder into the hills. He had been missing since 3 p.m. on Sunday, the hour when he was due to go off shift from his beat in the Lafayette, Orinda, Moraga area.

Officer Kallemeyn requested to be taken to Concord Community hospital.

The search for the officer was conducted by hundreds of police and civilian hunters as well as by two military helicopters and five small civilian aircraft.

THE SPEEDER-CHASE theory stemmed from a report from a Moraga resident who said he saw a motorcycle officer speeding with red light and siren up Canyon Road near Larch Avenue, which leads to Redwood Canyon, on Sunday afternoon.

Kallemeyn was reported missing by his wife, Sally, who with her four children was awaiting the officer's return to his home at 1906 Treadway Lane in Pleasant Hill.

The patrolman last reported to his Martinez office by radio at 12:30 p.m. on Sunday, while checking out the registration of an abandoned car in an Orinda gas station.

At 6 p.m., Mrs. Kallemeyn called the highway patrol dispatcher at Martinez and told him that her husband had not returned home and she was worried because he planned to get home right after his shift ended at 3 p.m.

THE DISPATCHER, Sergeant Alex Kovin, unable to get a reply to his radio calls to Kallemeyn's motorcycle, launched the search by assigning 12 patrol cars to Kallemeyn's beat area.

Following Kovin's alert that an officer was missing and might be injured, other police units monitoring the broadcast immediately offered the aid of volunteers.

Officers and civilian volunteers from the highway patrol, sheriff's office and city police units throughout Contra Costa, Alameda, Napa, Solano and San Francisco counties had arrived to help search.

Sheriff's reserves were called in at Contra Costa county and the use of the reserves was offered by Alameda county.

Patrolman Kallemeyn was described as a "very conscientious officer" by his superiors. He was also described as a good family man.

He was a graduate of Berkeley high school in 1946, where he starred in baseball and basketball. Kallemeyn joined the highway patrol in 1955 and had received a commendation for his single-handed capture of two armed bandits.

George Edward Kallemeyn, 30, was a native of South Dakota.

FUNERAL SERVICES will be held at 10 a.m. today at the Little Chapel of the Flowers in Walnut Creek. The Rev. E. J. Erlandsen, of St. Mark's Lutheran church in Pleasant Hill, will officiate at the services.

Kallemeyn is survived by his widow, Mrs. Sally Kallemeyn, his four children Stephen, Margaret, Michele and Kevin.

He was the son of Mrs. Sarah Ganoung of Chico. He was the brother of Mrs. Alice O'Brien of Sacramento, Duane Swartz of San Francisco and Susan Kallemeyn of Chico.

THE FAMILY prefers contributions be sent to the Widows and Orphans Fund of the California Highway Patrol.

Interment will be at Oakmont Memorial Park in Pleasant Hill.

Named to Post At Bank America

Edward L. McDonald, of Lafayette, has been named promotional development officer for the customer services research department of Bank of America, it has been announced.

Prior to accepting his present position McDonald was with the Grant Advertising Company in San Francisco and from 1952 to 1958 with Kaiser Aluminum & Chemical Corporation.

OFF DUTY PATROLMAN Frank Boas (in car) shows Highway Patrolman Adolf Siri areas he had searched along San Leandro dam since two o'clock in the morning.

VOLUNTEERS FROM nearly every community in the Bay Area assisted in the search for Highway Patrol Officer George E. Kallemeyn. The area was blocked off to tourists and sightseers.

Further Delay Unnecessary; Time for Action Is Now!

There can be no question in the minds of directors of the Alameda Contra Costa Transit District as to how the residents of Central Contra Costa feel about remaining in the district.

We have made our feelings more than plain. We have indicated that we do not wish to pay taxes for services which we do not feel will be in proportion to the money spent.

Yet the directors have delayed until August 12 a decision on exclusion of our area from the district.

WHAT HAPPENS IF we are not excluded? It simply means that all of us who pay taxes—and that's 99 per cent of the population of Central Contra Costa County—will be paying for services we aren't getting.

And it is obvious to everyone who looked at his last tax bill that we are getting plenty for the services we are getting. We certainly don't want to pay into a district which will not be serving us.

If we have not been granted exclusion by March 2, 1960, then we will be on the tax rolls of the district and each of us will be paying for the administration of a district that is basically devoted to the purchase and operation of Key System in the East Bay.

If the directors of the Alameda Contra Costa Transit District delay action long enough, this is exactly what will happen.

And there is no reason for the delay. The wishes of the area residents have been made clear, and it is time for action—exclusion action.

THE DISTRICT has two choices. The directors can rule this area excluded or they can call for a vote. If we are not excluded, an election must be held.

However, if the election is held at the next general election, which is in June of 1960, it would be too late and we would be included on the tax rolls for another year.

This is not necessary. The district should take action immediately. The reason for continuing the hearings, according to the district, is to allow individual isolated parcels which are not now excluded from the service district, but which wish to be, to be included in the general exclusion act.

THIS IS FINE, providing exclusion proceedings are not delayed to the point where we must pay taxes for another year.

There is no reason for any additional delay beyond August 12. Certainly any parcels which wish to be excluded can be referred to the district directors by that time and be included in the general bill.

There is obviously, also, no need to hold an election which would be a needless expense.

The time for exclusion action is now. There is no need for further delay.

One More Control Is Gone, And It Doesn't Seem Right!

A bill which will limit the effectiveness of the Grand Jury has been passed by the legislature and signed by the governor. It is now law.

Assembly Bill 1110, introduced by Assemblyman S. C. Masterson of El Sobrante, declares that the non-criminal actions of local housing authorities are free from the jurisdiction of grand juries, but explicitly states that no provision of the bill prohibits prosecution for violation of state law.

IT ALSO PROVIDES that whether or not the expenditure of federal funds by an authority is in accordance with the law or contract under which the funds were received or any applicable federal regulation shall be matters to be determined exclusively by the authority.

This does not seem proper. Immediately the question arises: "How can the Grand Jury be aware of whether or not a state law has been violated unless it can investigate the entire operation of the housing authority?"

For example had the Contra Costa County Grand Jury not investigated the activities of the Contra Costa Housing Authority in 1957, some \$5500 in overdrawn expense monies would not have been repaid to the authority by three of the authority's commissioners.

THE BILL REPEALS a section of the California Penal Code stating a grand jury shall have full and complete authority at any time to examine the books, records and accounts of any housing authority in the county; to investigate the operations of any housing authority and to report the facts it has found, with recommendations as it may deem proper and satisfactory.

In 1957, the Contra Costa County Grand Jury was presented facts by The Sun that commissioners of the housing authority had spent approximately \$18,-

000 on junkets throughout the nation.

George Johnston of El Cerrito was named chairman of a special committee of the grand jury and Sun staff members were interrogated by the Grand Jury's Foreman, William Hale, Jr., of Diablo and Johnston.

THE SPECIAL COMMITTEE of the grand jury reported to the full grand jury. The demand for repayment of the overdrawn portion of the expense money was turned over to the district attorney for collection. The grand jury after investigation was conducted.

Opposing the bill before it was signed by Governor Brown were the 1958-59 Contra Costa County Grand Jury, the board of supervisors, Assemblyman Jerome Waldie, the California Real Estate Association, and the California Savings and Loan Association.

Masterson defended the legislation by pointing out that now, under the new law, the auditing of housing authority books will be in the hands of the state or a certified public accountant, and the books must be audited at least once each year.

THUS THE STATE can notify the grand jury if there is any apparent criminal activity.

Masterson also stated that this would help take grand juries "out of the witch hunting" business.

These are the facts. You can judge for yourselves whether or not you think this is a just law. It seems to us, however, that any time a control over a public body is restricted or removed, there is just that much more chance for error or wrong-doing.

This is not to imply that any of the present Contra Costa Housing Authority officials are in any way involved, but only to say that such controls are necessary.

It's a lot safer in the long run.

The Staff Corner I'm Not Lost, Really...

By DICK OSBORN

If you happen to see a couple of dazed individuals in a little foreign sports car, who are apparently lost in the wilderness, don't give it a thought.

There's a fascinating (for some screwballs, that is) game called "Rallying" going on amongst the sports-car set, and it's the darndest thing you ever saw.

Let me get one thing straight. It's NOT racing. The idea is simply to be at a given place at a given time. Only trouble is, the poor driver of the car doesn't know where the place is he's supposed to be, and most of the time he's not sure of the time.

All clear, now?

THERE ARE TWO very active sports car clubs in our area — Sports and Imports which meets in Concord and the Royal Coachmen which meets in Orinda. And then there's our own little growing organization which meets in the Alamo Shopping Center every other Tuesday.

Well, to make a long story short, this bunch of green novices (kind of seasick green, you might say) decided they wanted to run a rally. There was only four of us who had ever competed in one of these shindigs, and only one who had ever helped stage one.

Guess who laid it out! Yep, 14 miles and a half-hour long. At night. All over the back hills, like Tassajara Road, and Freitas Road, and places like that.

WELL, IT WAS the funniest thing you've ever seen. If I'd known how confused I looked when embarking on my first rally, I'd never have had the courage to start.

It sort of makes you nervous, you know, when some stern individual is standing over you with a stop watch counting down the seconds . . . Five, Four, Three, Two, One . . . Mark!

It so un-nerved one fellow, who had lived in the Alamo area for just ages, that he forgot where he was. The second instruction on his sheet said, "Turn left on highway 21."

He gazed at it blankly and then asked, shakily, pointing at the highway, "Is that highway 21?"

JUST FOR THE record, we didn't help him. He had to find out for himself. It was a highly entertaining evening, in the long run. We only lost one car which got stuck in the mud on the side of the road (don't ask me what it was doing THERE!) and that car got home an hour and a half later.

Just wanted you to know that there are literally hundreds of people involved in this sort of activity, so next time you see a group of sports cars go buzzing by, chances are they are going to some organized event.

And if you see just one sports car, on a lonely road, with a couple of people gently trying to persuade each other as to the proper route, then that is a rally.

We Like It Here...

Take a Boat to Bermuda & Fish for Barracuda

By MARIE MONAHAN

JUST ABOUT this time each year, I want to get away from here. I want to get away & see, if I can't have a Little Spree.

I'll forego favorite supermarkets, to shop from Les Halles Market carts. I'll hop a scooter then I'll park it, to ease the famous French Flea Market.

I'd much prefer to do my shopping in Hong Kong's cobbled streets a-clopping in Ricksha-ride & collie hat. I really think that I'd like THAT!

GREENER Pastures lure when older, as I peruse each travel folder. I read the books, I go to Cook's. (The Clerk just gives me dirty looks!)

THIS way it doesn't cost a cent, to travel on the Continent. I'd hire a Camel, ride on hump. Or how about a howdah on a pachyderm's rump?

ANYTHING for travel but an automobile. Even an alligator, maybe a seal. Just so it's not ME at the wheel. Of a car. Driving far!

I'd visit, say, the Taj Mahal (I'd hardly be impressed at all) For me, who's usually always home, reserve The BEST in Milan or Rome. Or space on freighter into Ports, or guest-list bids to Royal Courts. Certainly I'd hope, to have an audience with The Pope.

In Copenhagen I would dine, on Smorrebrod & Cherry Wine I'd ride a jaunt rig in Eire. (You couldn't get me home from THERE!) I'd gladly kiss the Blarney Stone, carve off a piece & bring it home.

IN MOSCOW I would say "Da Da." In Oslo, Stockholm, answer "Ya." I'd lease a pink house in Bahama, Bermuda. Then sit & fish for Barracuda.

I'd talk along the moors of Wales & pick the Scottish heather. I'd talk along with boors & Bobbies about the British weather.

IN PARIS sidewalk cafes I'd sit, chocolate & Cafe au Lait I'd sip. I'd wear an arty beret. In Mexico, I'd toss a rose, to Matador in bullring pose, & BRAVO! shout O-le!

MY word, would I be gay, but TRES! Yes, to & fro I'd seek my treasure, to & fro would be my pleasure. Far away from here, methinks, maybe to the Land of Sphinx where mysteries of Nefertite & Tut would pull me out of this Old Rut!

ALONG the Rhine, would be divine or dining Dutch would be fun in Amsterdam, or hopping on a mountain tram or British trolley would be jolly!

On Safari, I'd shoot a lion, then rest up good at the Royal Hawaiian. In Vienna I'd order Apple Strudel, from lofty Alps you'd hear me yodel, as down I'd fall & break my noodle.

I'd dwell in London's Marble Halls. (Just get me out of these FOUR walls!) I'd study people on the Malls & wait with royalty at balls.

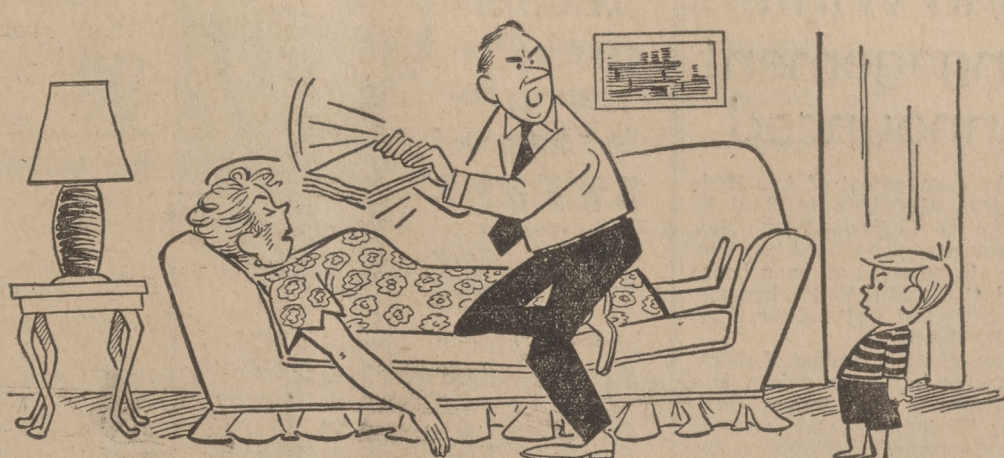

GET ON A BOAT & next I'd dock, oh, at Antibes or Sirocco, or maybe if the camel's hump was a ride not QUITE so bumpy, I'd pitch a tent in old Morocco. That is, unless it was the region, occupied by the Foreign Legion.

I'll take Cannes, Biarritz, Nice ANY old time or Trinidad, Nassau, the Caribbean clime. I'd meditate on beaches sandy. The Riviera suits me dandy! At night a little change I'd borrow, to try my luck at Monte Carlo.

AFTER spending some time on Spain's Isle of Majorca, I'd be content to sail into New York. After Kyoto's shrines & Japanese tea parties, I'd live it up & sup at Sardi's & The Stork & while I still have travel throes, I'd take in ALL the Broadway shows.

Well, I can dream, as you can see. It's Tents & Tarps AGAIN for me! Here I come, Yosemite!

GOOD PLANNER

Dear Editor:

It is heartening to hear of a public official who has not forgotten his dedication to the rights and wishes of the people of Contra Costa County.

The excellent presentation by Boone Robinson at the last County Planning Commission meeting was one of the few attempts in applying reason and understanding to an otherwise unfavorable hearing.

Mr. Irwin, in seeking to develop his five acres of land in conformance with the beautiful, residential character of Sleepy Hollow should be commended for his farsighted, constructive planning.

When the vote finally came, solidly aligned were the slight majority of directors believed by some to be dedicated to county-wide throughways and the magic of "circulation."

RICHARD W. LELAND.

ENRICHMENT

Editor:

Since so many of your editorials are on children and family life, I know you will be most interested in and pleased with this new article.

Our typing teacher at Fairview, who has a Master's Degree from Stanford, gave a test to a class of 28 students and 26 of them made A's.

Our arithmetic teacher set up a gifted child's program in Oregon and taught there for three years. He is completely convinced that these are all superior and he attributes lots of it to school environment and parental interest in the program.

It is a most remarkable program and most successful district-wide.

I hope you can find room for this on the front pages. The girls who wrote the story did a good job I think, but please feel free to make any changes needed for reading. Thank you.

TEACHERS PAY

Dear Editor:

OK, we have digested another sob-story by a teacher in your column. However, I note it failed to mention such benefits as pleasant working conditions, short - hour day, community status, plenty of free time for college courses, and SECURITY.

We have no company car, no hospitalization, no insurance or other such company benefits. We are college educated but my husband has to attend night classes or study via correspondence if he wishes to further his education.

We have three children plus a large dog and two cats to feed on an income which may be zero one week and \$\$\$ the next, because my husband is a salesman.

We certainly have no security and my husband has a long work day when you count the telephoning, etc., which is part of his job.

This is not a hue and cry, but I am sick of reading about the poor, sad plight of the teacher.

All employment has its drawbacks and its good points. Every job, professional or not, has its problems and its satisfactions.

Those who are above average are more apt to go to the higher incomes. Teaching is no different.

(Name withheld by request)

TEACHERS AGAIN

Dear Editor:

Your weary, dreary, endless editorial of July 17, "Do Teachers Have Tough Time?" broke my heart. Well, bent it.

Honest, if I have to read any more of that Hearts and Flowers pathos, I shall jump in the lake. Forthwith.

If the teachers have the brains it takes to earn their credentials, they should have the brains to demand, and get, good salaries and conditions. How? Simple! Organize! STRIKE, if necessary. They might have to eat beans for awhile, but it would be worth it. I should be happy to supply them beans.

Or are teachers too genteel to stoop to this method of gaining their rights? If they are, then let them continue to suffer. In genteel silence.

Under The Sun Summer Relaxation Can Be Very Exhausting

By HERMAN SILVERMAN

Are you and your family having an enjoyable, relaxing summer?

I hope you are doing better than we. We've been working so hard at relaxing that we're nearly exhausted. For some unknown reason, sports have been No. 1 on our summer agenda.

The kids have been playing in the baseball leagues; going to summer recreation for ping pong, paddle tennis and other athletics; then to the neighborhood pool for swimming—plus swimming and diving lessons. They've also been hiking and biking.

Out to the golf course

Eleanor and I are playing golf and now the three kids are out swinging clubs as well. They seem to have caught the bug. We often play after dinner at the pitch-and-putt course.

Now . . . you'd think this would be enough for a nice, enjoyable, relaxing summer. But, oh, no—we now find ourselves on the tennis court.

On a recent trip, we enjoyed paddle tennis. So, when we returned home, the first thing the kids and I did was to race to the nearest tennis court. (Mark's racquet became an advanced birthday present.)

An old man's game?

Before I got to the tennis court, however, a friend, who is an experienced player, scared me half to death. She said that an old man like me must take it easy on the court. By the time I started playing I was scared to stoop over and pick up a ball.

Anyway, we're playing and it's a lot of fun. Tennis has lots of advantages. Equipment is relatively inexpensive (compared to golf, for example). Courts are usually available at the high schools, particularly in the summer and at no cost. It doesn't take long to play a set or two. It's a dandy sport for children (not too young) and parents.

Other major sports . . .

Of course, let's not forget badminton and ping pong. They are also good backyard games.

And let's not forget gardening—the No. 1 sport of our great community.

If you and your family have been doing something different, please let me know. Perhaps we'd like to try it—between golf and tennis.

Seriously, I'd appreciate learning of your latest "discovery" or "idea." Let me hear from you.

Letters to The Editor

NO MORE VOICE

Dear Editor:

It is apparent that here in Central Contra Costa County the voter no longer has any real significance.

Twice the voters of this area have failed to ratify expenditures of funds for flood control work in the Walnut Creek watershed — projects that were backed almost completely by the salaried staff of the Contra Costa County Flood Control District.

THIS APPARENTLY has little or no weight with the Great White Father in Washington, D.C. — since, as the result of a bill introduced by Representative John F. Baldwin (supposedly representing the voters of this area) the Federal government is now proposing to spend about \$10 million turned down by the local voters.

I am enclosing copies of letters sent to representative Baldwin and to my personal friend, Representative Jeffrey Cohelan of Berkeley.

I now wonder whether Representative Baldwin pays as little attention to the results of the questionnaires that he mails out as he does to the voting record of the people he is supposed to represent. Or perhaps he feels that, together with the salaried staff of the Contra Costa County Flood Control District, they must super-impose their superior judgement upon our expressed opinion.

(Note: Let's not get into a discussion of the philosophy that money from Washington doesn't cost us anything — most people in this area are paying taxes to Washington. Many of them are complaining about the amount they pay.)

ROBERT KAHN

(Note: Following are the two letters sent by Mr. Kahn to Representatives Baldwin and Cohelan. — Ed.)

Dear Representative Baldwin:

I am writing to you in regard to the \$24,000,000 for flood control projects in the Walnut Creek watershed included, as part of the bill introduced by you, in the omnibus rivers and harbors bill.

Apparently the fact that the citizens of this area have twice voted down a project costing half the amount that you propose has little or no bearing on the use of Federal funds. We are all concerned with the increased cost of Federal government, and particularly that part which is outside the National Defense part of the budget, and therefore I strongly urge you to reconsider your position on this project.

I could understand your introducing and pushing this bill if there had never been an expression of public opinion on this matter — but if it isn't worth it to the people who live here why is it worth it to the Federal government?

ROBERT KAHN

Representative Cohelan:

I am writing to you in regard to the proposed \$24,000,000 included in the omnibus rivers and harbors bill for flood control projects in the Walnut Creek watershed. I understand that this bill will shortly come before the House for approval. I want you to be fully aware that a project costing approxi-

mately half the amount proposed to be spent by the Federal government has been turned down twice by the voters in this area. Apparently expression of public opinion as to the willingness to spend money on this work has little or no bearing once the professionals (undoubtedly the Contra Costa County Flood Control District and the Corps of Engineers) decide that they want to spend Federal funds for projects.

ALL OF US are distressed by the increased cost of government at all levels — and in the Federal government, the increased costs in those areas not related to National Defense. This appears to be one of the projects which might be eliminated — especially since the project was not supported, in two elections, by the local voters.

Frankly, Jeff, how do citizens protect themselves from this? I am sure that this project can be classed as "good" — but I wonder whether it is necessary. I can only say that I know several people who own large acreage in the Pacheco area (regularly flooded) for whom this expenditure will mean a profit on the order of a half million dollars by converting low lands into valuable industrial sites.

I talked with them quite frankly and they are equally frank that whoever does foot the bill for this project is going to make them rich. They have done nothing to support this project — but they aren't going to walk away from the benefits. Even their assessments for the cost to be paid locally will be nominal since the county has placed a very low valuation on their land because of the fact that now it is flooded regularly.

Curable Cancer Still Fatal If Not Caught Early

During the coming year the American Cancer Society hopes through programs of public and professional education to help bring about a reduction in mortality due to cancer of the colon and cancer of the rectum, it was announced today by Dr. Frederick A. Pellegrin, president of the Society's Contra Costa County Branch.

These are common types of cancer which are being diagnosed at the rate of about 60,000 annually throughout the United States, he said. More than half of the cases occur in women.

Dr. Pellegrin pointed out that although potentially these cancers are highly curable, they so often are discovered in a late stage that at present the cure rate is less than one in three.

Most cancers of this site develop in people past 45, the Cancer Society's spokesman said. However, many cases also occur among the young.

Sixty to seventy per cent of the costs can be discovered in routine health checkups. Cancer of the colon and cancer of the rectum are among the forms of cancer discussed in a free pamphlet entitled "Cancer of the Digestive Tract," which is available without charge from the Contra Costa County Branch of the American Cancer Society.

On The Lighter Side

By DORIS DALY

Sunday morning baritones and high noon sopranos carried the melody and a few dozen madly mixed-up contraltos and altos dubbed in the harmony (?) to the strains of "Hank" Wood's guitar when the Vallemont Auxiliary to Boothe Memorial Hospital held a fund raising brunch-swim party at the D. P. La Field's charming Lafayette home on the 12th.

Brunch was served . . . between choruses . . . around the La Field's beautiful new pool in which many (digestion and stanza allowing) enjoyed a refreshing dip. This was the first activity under new President Mrs. E. L. Bellegarde and as the party was a marvelous success, an effort will be made to include one of the same on the annual agenda.

Booth members and husbands attending were the Edward Bellegardes, C. O. Berggrens, Charles Coopers, Keith Johnsons, John Ratzas, Ralph Woods, James Y. Robertsons, Dean P. La Fields and Christine Stahl with her guest, Art Hurd.

Other guests were the Raymond Hitchings, Elmer Shidlers, Timothy Lynchs, John Grobes, Ray Sulprizios, James Mitchells, Wilbur Weiskuchs, John Lroegers, David Stearns, L. Meggs Jrs. and Richard Fulghoms.

And so the blinds and the cat . . .

There are some of us who close the blinds and put out the cat, but the Don Johnsons, Jack Jacksons and Larry and Lynn Dini, all from Walnut Creek, closed up and put out the lights nightly during their stay at the Lakeshore Resort at Shasta last week. Dawn would find them snugly behind the shades, but brunch brought them into the sunshine for water-skiing behind a 12 foot runabout.

While at Shasta, the group visited beautiful Bridgebay, where they saw a performance by William Waterman (Gildersleeve) who is with a summer stock playhouse for the season. Lynn and Larry returned home, but missed the Johnsons who had remained at Shasta, so returned to their playground with the Myron Defronts of Carol Court for another weekend of fun in the sun and sights in the nights.

Just off the party line: Mr. and Mrs. Jack Orr and our daughter Shelley toured to Everett, Washington, for a week's visit with relatives. Their return trip took them through their home town of Santa Rosa where they visited old friends with new pools. Home and Lafayette brought them back to new land-scaping and old bridge tricks with the Bill Williamses, Max Parkers and the Ralph Shallenbergers.

Mrs. Gerold P. Springman, who usually resides on Magnolia Avenue with her twins, is vacationing for a month at the family home at Strawberry Lake. Husband Gerald manages to make it up to Strawberry for weekends while keeping the home lawns from burning.

Amarillo, Texas, and St. Louis, Mo., had visitors from Orinda recently as Don and Mary Richmond with offspring Elaine and Ronald traveled to visit relatives and view the states. They returned home to realize that the wanderlust was still with them, so motored to Tahoe where they acquired tans and freckles as the guests of Orinda Attorney William Bailey, who has a summer home in that area.

Last Friday saw Don and Jean Burow of Walnut Creek off to Minneapolis to visit Jean's family with sons John and Bob. Their three week tour will take them through Colorado and Yellowstone National Park. Mrs. Harry Cameron of Newell Avenue is on route via United to Jackson, Mississippi to be with her father, who is recuperating from surgery.

The Gene Arenas of Janet Lane, Lafayette, along with friends from Modesto, piled equipment, dogs and children into a truck and jeep and headed for the tall timber near Pinecrest—truly "roughing it." Barbara Arena reported the spot they chose to camp was simply beautiful, with a river close by and the most magnificent trees, but that out-door living was strictly for the BIRDS. She prefers ALL the modern conveniences to be close at hand and above all, the luxury of clean white sheets!

Barbecue and swim time, of course

The Flicker Unit of the Mt. Diablo Therapy Center is planning a barbecue and swim party for members and their husbands in mid August at the home of Mr. and Mrs. W. Curtis (Bev) in Walnut Creek.

Report from Ketchikan: The 750 mile voyage up the inland passage from Seattle to Ketchikan, made by Les and Ellen Randall of Lafayette and Sherman and Polly Blaylock of Orinda in two 200 hp outboard "audens" proved to be somewhat rugged.

Cruising at 30 mph, the two boats made Maple Bay on their first night out. The next evening, they were rare guests at a lonely telephone relay station north of the Campbell River. The following dawn being calm and fair, they decided to cross the Puget Sound, but ran out of gasoline five miles short of the shoreline, so they pooled their stove fuel and funneled it into the Blaylock boat, towing the other behind. The motor managed to cough them to an inlet where they glided the last 30 feet to an anchored fishing vessel.

The skipper gave them 10 gallons of petrol which took them to River Inlet, an abandoned village and one other human, an elderly seaman and lone resident of the once prosperous fishing community. The "captain" offered them shelter in one of the abandoned houses for the night, as it isn't every adventuresome foursome who can spend the night in a ghost town, the Randalls and Blaylocks accepted, sleeping within the shades of the past.

The following day found them in Ketchikan, and as for the return trip, Les and Ellen said: "We will just rest for two weeks before we even THINK about it!"

And viewing the scenery of Canada. . .

The blue lakes and purple peaks of Canada are at present being viewed by Mr. & Mrs. A. L. Hay of Orinda as they travel a sightseer's route for a three weeks vacation through Sun Valley and western Canada. The Hays had a tremendous send off shortly before their departure as friends gathered for a surprise party at the Orinda home of Jerry and Evelyn McKinley to celebrate their 19th wedding anniversary.

Evelyn had prepared a buffet of both hot and cold dishes and for desert, served a cake that all were reluctant to cut. It had been decorated as a portrait in frosting of the lovely gardens surrounding the Hay's home. The group presented Mr. & Mrs. Hays with a set of ornate wrought iron cranes, forged in various positions which will undoubtedly be placed as decorative pieces about their pool.

Guests from Orinda were Messrs. and Mmes. Ronald Kersh, Tom Connolly, Walt Hartsough and Colon Campbell; from Berkeley, William Gerigs; Lafayette, Jack Orr and from San Francisco, R. E. Thies (formerly Orindans) and Misses Lois and Jamie Pearson.

Having trouble plunging into pools? . . . Try placing a Bongo board near the diving end and balancing it for a given time? The board always wins, as you slip unceremoniously into the deep. It is three feet in length and centered on a roller. You place a foot on either end and see-saw as did guests at the Arlene Gardens home of Mr. & Mrs. Charles Price Jr. when they gave a welcoming party for newcomers Ellen and Jim McClintick.

Holt and Evelyn Parsons co-hosted the swim-barbecue and partook in an unusual basketball game wherein anyone on the pool side missing the ball joined the defeated Bongo-boards! Among the 26 guests from Arlene Gardens who climbed from their dunkings to enjoy the steaks, were Laura and Bob Odell, Marlene and Bob Percell, Cathy and Russ Strickland, Ethel and Frank Jones, Deborah and "Tam" Tamburg, and Kay and Gordon Van Nuys, who are now living in Diablo.

Another Canada trip, by golly!

Sightseers in Canada, tourists in Washington, sunbathers at Tahoe, water skiers at Shasta, campers in the Sierra, and pool parties galore, so where is yours truly? . . . Not only at the old homestead, but reseeded lawns!

Such irony, and now we have mountain climbers. . . Did someone say the younger generation is getting soft? Try this on for size . . . A full pack with sleeping bag, a week's food supply, cooking utensils and other camping gear, all to be trekked up Mt. Whitney on a three week hiking trip by the Scout Explorer Post 320! The Explorers will leave Smith Lake out of Bishop on August 1, hike over Bishop Pass to reach the John Muir Trail and upward to Mt. Whitney in the high Sierra which has an elevation of 14,495 ft., the highest point in the U.S.A. A packer will bring in a week's cache of food for the second and third week of the trek, but aside from this one convenience, the group will proceed on its own stamina and will cope with the wilds from its collective knowledge of the out of doors.

MR. AND MRS. DONALD CVIETUSA are pictured here after their July wedding at All Souls Church in Berkeley. She is the former Dorothy Graves of Berkeley. He is a Walnut Creek resident.

Dorothy Graves, Donald Cvietusa Nuptials Told

Dorothy Graves and Donald Cvietusa were married July 11 at All Souls Church in Berkeley. The couple is now honeymooning in southern California.

She is the daughter of Mr. and Mrs. John Hart Graves of Michigan Avenue in Berkeley. The groom's parents are the Antone Cvietusa's of Sunnybrook Drive, Walnut Creek.

Anne Bowman was the matron of honor and Caroline Haven and Mrs. Nathaniel Dodge III were bridesmaids.

The best man was Tony Biggs. Ushers were John Graves, the bride's brother, and Don Meek.

They are both graduates of the University of California, she in June of this year. The groom holds a master's degree in business administration.

Her sorority was Kappa Alpha Zeta, his fraternity Sigma Nu. They will be at home in Hanford, California.

Hadassah to Swim, Lunch In Lafayette

Members of the Diablo Valley Chapter of Hadassah will forego their monthly business meeting for a "July Swim Party" at the lovely home of their president, Mrs. Isadore Perlman, 1158 Glen Road, Lafayette.

Members will bring their lunches and swim or relax in the gardens from 11 a.m. to 3 p.m. Thursday.

Lemonade and coffee will be served. The newly elected officers are, president, Mrs. Isadore Perlman; vice president, Mrs. Aaron Bojarsky and Mrs. Daniel Greenberg; treasurer, Mrs. George Seiger; financial secretary, Mrs. Harold Winters; corresponding secretary, Mrs. Sid Kroff; recording secretary, Mrs. Wm. Sawyer, and auditor, Mrs. A. E. Arnold.

Family Tells of Engagement at Presidio Club

During a family dinner party held at the Presidio Officers Club came the surprise announcement of the engagement of Miss Charlene Shonfeld to Dr. Robert Donald Kassels.

Charlene is the daughter of Mr. and Mrs. Irving Shonfeld and the sister of Edwin, a senior medical student at the University of California.

The prospective groom, son of Mrs. Gussie Kassels of Walnut Creek, attended Northeastern University and received his degree in dental surgery at the college of physicians and surgeons. He is the brother of Dr. S. Victor Kassels, dermatologist of Tampa, Florida.

Dr. Kassels is on the staff of the Children's Hospital of the East Bay. The couple plan a late summer wedding.

Ann Winters Engagement Announced

The engagement of Ann Hyde Winters of Orinda to Paul R. Nurge of Cliffside Park, New Jersey, was announced last Sunday afternoon at an open house held at the Mill Valley home of the betrothed girl's sister, Mrs. W. R. Dawdy.

Ann, who is a student of choral and voice in San Francisco, is a daughter of Mrs. Robert Chalmers Winters of Orinda and the late Commander Winters. The C. B. Chantlers of Orinda are the bride-elect's aunt and uncle.

The betrothed pair will recite their vows at a St. Paul's ceremony September 27.

Western Fiesta At Diablo Club

Diamond Horseshoe is the theme for Diablo Country Club's Western Fiesta tomorrow at Diablo.

Guests will be transported from the parking lot in an old horse-drawn hay wagon. Ranch equipment will lend atmosphere to the outdoor dancing area.

A horse corral will be the place where the six-piece orchestra will hold forth and 12 st-

lions will be tied to the hitching post.

There will be prizes for the six best men's and six best women's western attire to be presented at midnight by a talking horse. An old-fashioned outdoor steak barbecue dinner with all of the trimmings will be served to members and guests.

Chairmen for the event are Mr. and Mrs. Jim Stone.

Papaya Branch Members Plan Hawaiian Fete

Theme of the al fresco party to be held August 1 will be Hawaiian in keeping with the name of Papaya Branch of Children's Hospital of the East Bay.

The trophy room and grounds of "The Shadows" residence of Mrs. George A. Newhall, 10 Margaret Lane, Danville, will be colorfully decorated in the Hawaiian theme, it was announced today by Mrs. Vern S. Ryan, head of the decoration committee. This invitational event will begin at 5 p.m. Festoons of colorful paper orchids and Oriental fans will be draped at the refreshment stations.

Arrangements were made by Mrs. Alfred Jones, Alamo, for Hawaiian native fragrant leis to be flown in from Hilo. These assorted and scented real leis will be worn by Papaya Branch members who will act in the role of hostesses with the helpful assistance from their husbands as hosts.

Regular monthly business meeting was held Tuesday eve-

ning at the home of Mrs. John H. Russell, Diablo, who is general chairman of the al fresco party. All branch members were present to receive their scheduled duties. Among them were Mesdames Robert C. Seaton, Danville; Branch chairman; John John Hagopian, Diablo, vice chairman; Robert J. Wedemeyer, secretary; Harvey Hanrahan, treasurer; Robert J. Lang, historian; Wm. F. Reed, ticket chairman; Donald V. Weir, Alamo, chairman calendar, Bambino and remembrances; Mrs. Alfred Jones, Alamo, public relations; Mrs. Vern S. Ryan, telephone chairman and decorations chairman of event; Hubbard C. Howe Jr., Diablo, amenities chairman; Louis D. Scott, Alamo, co-chairman of al fresco party; Al Kaplan.

Also Mesdames James D. Kress, Floyd A. Brown, Oscar H. Krikorian, Robert W. Krull, James Langes, food chairman,

Martha Davis Spouse at Nev. Lodge

The famous "Martha Davis and Spouse" duo takes the spotlight Tuesday, July 21st in the glamorous new Nevada Room, Lake Tahoe's newest supper club in the beautiful Nevada Lodge, entertainment center of the scenic North Shore.

The Davis and Spouse duo will appear for three weeks, closing on August 9th.

A great piano, bass and vocal pair, they have been acclaimed wherever they have entertained. The duo recently concluded a seventeen-week stint at the Blue

Angel, one of New York's top Hotel in Las Vegas.

Brilliant musicians, they have amazed audiences from coast to coast with their superb vocal and instrumental arrangements.

Thomas-Stahles Return From Hawaiian Trip

Mr. and Mrs. James I. Thomas Stahle of Orinda have arrived home after a vacation in Hawaii.

The Thomas-Stahles traveled on the S. S. Matsonia, disembarking at Los Angeles. They flew from the southern city to San Francisco.

Preston and Sharon Thomas-Stahle are at Sky Lake Yosemite Camp.

The Thomas-Stahles "island-hopped" during their Hawaiian trip, visiting Maui, Kauai and Hilo.

Midsummer Social Held

Folded Hills Farm, the Danville estate of Mr. and Mrs. Charles A. Curtiss, was the scene of the midsummer social gathering of the San Ramon Valley Horsemen's Association Saturday.

Late afternoon swimming was followed by a buffet supper served in the latticed summer house. The beauty of the poolside setting was enhanced by the soft glow of a full moon. Entertainment featured two young troubadours who strummed guitars and sang ballads.

Mr. and Mrs. Curtiss were assisted by Mr. and Mrs. Ames Clark and Mr. and Mrs. William Trudeau.

Members of the Association who attended the party were the Messrs. and Mesdames Robert Bell, Lloyd Daniels, Manuel Giffin, Donald Huenink, Newell Oestreich, George Sauer, W. B. Sullivan, James Stone, Ames Clark, William Trudeau, Harold Smith and Mrs. John F. Imrie, all of Diablo.

Dr. and Mrs. J. C. Forsyth, Messrs. and Mesdames Charles Curtiss, David Humphrey, C. E. Glines, I. M. Osborne, Egon Dittman, Will Williams, John R. Wendt, Paul Wing, Mrs. Roy Loewenfeld, Mrs. William Saulsberry and Mrs. Dorothy Schaefer, all of Danville; Dr. and Mrs. J. N. Henry, Mr. and Mrs. Harlan Geldermann, of San Ramon;

Messrs. and Mesdames J. W. Buttery, Peyton Farrer, Harry Green, J. W. Murphy, Burle T. Murray, Harry Putnam, and Mrs. Sam Johnston, all of Alamo;

Mr. and Mrs. Don Nelson, Mr. and Mrs. Charles Scudder and Mrs. Tessa Shes, all of Walnut Creek; Mr. and Mrs. Jack Smith of Hayward; Mr. and Mrs. Thomas Sutton of Piedmont.

HARDTOP HI LITES

Local Leadfoots Do Well At Contra Costa Speedway

By JEAN MCGUIRE

For the first time in many a racing night at Contra Costa Speedway, almost all of our resident hardtop drivers had good luck.

Accidents and sour running engines have plagued one or the other of our boys practically since the season began. Mayor of Pleasant Hill, Jack Clayton, driving that good looking brown-gold job, number 71 for the first time, took fourth place in the first heat, after a slow qualifying time due to mechanical difficulties.

HE THEN WENT ON to win the final heat in a beautiful display of piloting. Clayton was followed in this event by Wally Baker, second, and Gene Dudley, third.

Concord's star chauffeur, Jack Huddleston, also showed the way around the track, winning the third heat, and coming in third in the trophy dash. Huddleston has long before proved, that given a good running car, he is a pilot to be reckoned with.

Chet Strook, another Concord veteran, out for only the second time in his new number 50, took third place in the second heat, and fourth in the final.

RECENT TROPHY winner, Hugh Payne, also of Concord, took fourth place in the main event. Payne is showing more skill and style than ever before.

Defending champion Wally Baker, Sacramento, is just one point away from Johnny Franklin, Santa Rosa, as they duel for the driver lead again tomorrow night in the big 22 car, 100 lap hardtop race.

The popular Capitol City pilot, beating Bob Filippi, Mill Valley, Ted Gratriex, Napa, and Hugh Payne to the checkered flag in the main event, has a 451 total to Franklin's 452 points, with the endurance test coming up.

DOWN BY 80 points a month ago, Baker's victory was his second in three weeks as he bids

to take over the top spot for the first time this season.

Gene Dudley, Napa, who forged to the front three weeks ago, failed to finish for the second consecutive card and lost ground, leaving him third with 421 points. PeeWee Waybright, Decoto, is still fourth at 322 points, and LeRoy Gering, Petaluma, remains fifth with 307.

SAN FRANCISCAN Julian Castro, trophy dash winner, advanced to seventh ahead of fellow townsman Carl Carr, and Napa's Jack McLeod, winner of the semi-main, following his main event triumph a week earlier, moved into the top ten for the first time.

Tomorrow night's feature will be the third 100 lapper of the year. Dudley won the first on May 30; Baker and Gering shared the July 4 limelight in the three segmented Monza.

Time trials at 7:15, first race at 8 p.m.

Golf Outlawed In Scotland Long, Long Ago

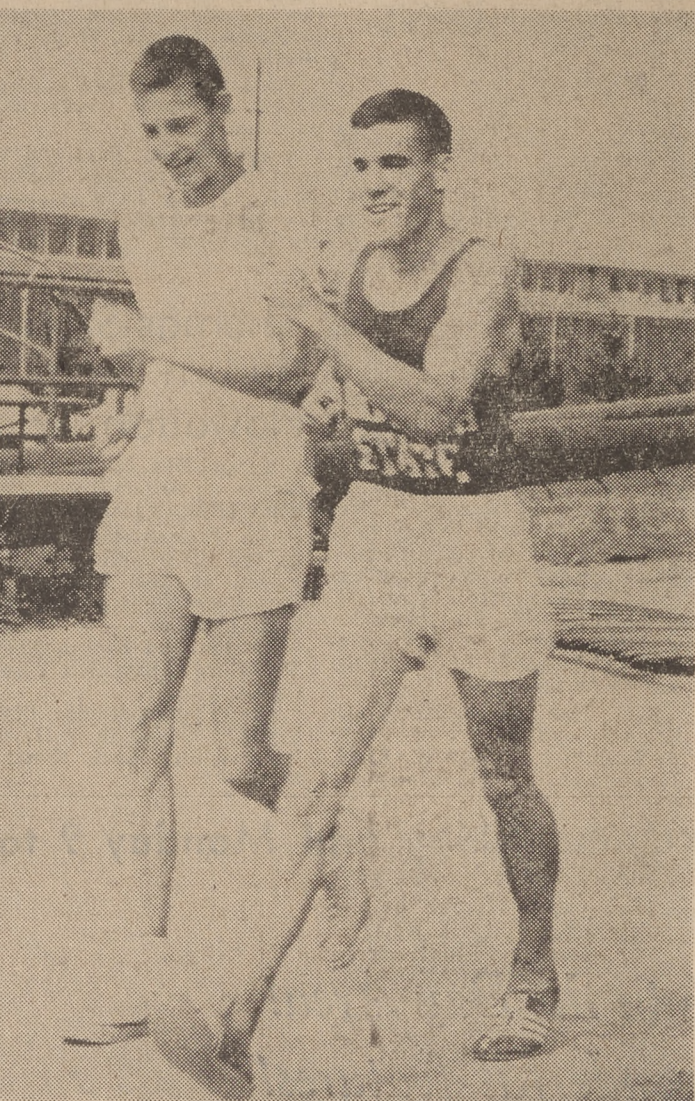

The Scots had a simple solution when they thought they might be caught with their defenses down—they outlawed golf.

Back in 1457, archery was still the chief means of defense in Scotland. But the Scots were spending so much time on the greens that the country seemed in danger of losing the bow-and-arrow race.

The World Book Encyclopedia reports that the Parliament of King James II ordered the people to put their clubs away and get back to target practice.

Later, when gunpowder came into general use, the law was revoked and the Scots went back to their putting.

Nines Finish '59 Legion Season

Walnut Creek Grabs 3rd; Lafayette Ends Up Fourth

The final round of Junior American Legion Baseball was played Saturday with Walnut Creek taking a 4-2 win over San Pablo.

Lafayette lost 7-5 in the ninth to El Sobrante. RODEO OUTLASTED El Cerrito for a 5-4 win in 11 innings, while Richmond trampled Harry Ells 11-1.

Walnut Creek sewed up third place in the standings with a four run outburst in the seventh after trailing 1-0 when San Pablo scored a lone run in the bottom of the third.

Two hits accounted for the runs, one a two-run homer by Eric Nankivell and the other a single by Harold Stephenson.

Each club wound up with six hits while four San Pablo errors contributed to their downfall while Walnut Creek committed but one error.

El Sobrante outlived Lafayette 12-7 and also "outscored" Lafayette 6-0 in the error department.

Batteries: Lafayette: Strain and Cosso. El Sobrante: Zimmer, Ferrar (5) and Melton.

Batteries: Walnut Creek: Remy and Stephenson.

San Pablo: Reynolds, W. Green-

wood (8) and C. Greenwood.

LAFAYETTE lost a heart-breaker in their game with El Sobrante played at De Anza High.

Lafayette scored a run in the first and another in the fourth to lead 2-0.

A run in the top of the fifth made it 3-0 only to have El Sobrante tie it with three runs in the bottom of the fifth.

Lafayette came back with runs in the seventh and eighth to take a 5-3 lead going into the bottom of the ninth when El Sobrante exploded for four runs. The big blow was a homer by pinch hitter John Konics with two on.

In the first of a two out of three playoff games played Sunday, Richmond shut out El Sobrante 7-0.

The second game will be played tomorrow at El Cerrito Vista Park, El Cerrito, with a third game, if necessary, played on Sunday.

DEER SEASON OPENS in Contra Costa County tomorrow morning. Getting set for the big one that got away last year is Jay Bennett. Taking care of this hunter's needs is clerk Karl Peters at Kelly's in Lafayette.

A Message to All Deer Hunters

An Editorial

No one can take the responsibility to hunt, shoot, travel and camp safely but the individual hunter. Game wardens, rangers and other lawmen can't watch everybody.

You are the one who will benefit or suffer by the way you handle your responsibilities. This includes the sportsmanlike, safe conduct of other hunters.

TO SAY YOU are not your brother's keeper is not very valid, particularly when it comes to natural and recreational resources. If your brother starts a forest fire, it's just as damaging to your hunting area as it is to his. Similarly you are no less dead or hurt if he carelessly shoots you than if you shoot yourself.

How many times have you complained, "I wish I could have been a game warden, I'd have * * *". Well, what did you do? Did you take time to go to a telephone and report the violation?

Or did you wait until your next lodge or sportsmen's club meeting to complain about the lack of supervision by lawmen?

In 1958, there were 120 hunting casualties, about 65 per cent involving persons being shot by others. In nearly 75 per cent of these cases the victim was almost as much to blame as the shooter, because the victim did not insist that the other fellow handle his firearm safely.

THE SAME PRINCIPLES apply in cases of fire, and boating and automobile accidents.

As for fire, the coming hunting season will hold one of the greatest fire hazards in years. Extreme caution must be exercised if you want a place to hunt—this year, or in the future.

The last several years have been favorable to the growth of brush and grass. An unusually dry spring and summer have made that brush and grass extremely vulnerable to fire. What are you going to do about it?

Well, let's begin with your hunting trip preparations. A shovel and an ax should be part of your standard gear, to clear the campgrounds of inflammable undergrowth, paper, etc. Also, empty the ash trays in your car before you start and insist that everybody in the car use them. Have litter bags in your car, too.

WHEN YOU GET to the campsite, before you light your campfire or stove, clear a circle at least 10 feet in diameter of brush, weeds and grass. Cut brush stumps even with the ground to minimize the danger of falls and stubbed toes. Keep fires small, and have a bucket of water handy before you kindle your fire.

If you use a gasoline stove, fill the tank away from the stove so that fumes from spilled gasoline won't ignite when you light the stove. Put the stove on stones or logs if you haven't a camp table, so air can circulate beneath it and carry off accumulated fumes.

Now, you're ready for that long-anticipated first cup of coffee in the out-of-doors. But don't let your guard down. Watch the members of your party and keep harping on safe conduct until they get the point. And remember, set a good example yourself! Hunter SEE; hunter DO!

YOUNG

Here's to the young-at-heart! If you've reached retirement years but still want the satisfactions of a worthwhile job, why not try volunteer work? United Crusade agencies and other community services need people who can afford to give their time—doing light office work, phoning, helping with surveys—and, in some communities, weighing and measuring well babies, teaching crafts or doing artwork. To find out how you can help, call the volunteer bureau at Yellowstone 4-0424. It's a United Crusade agency.

Lafayette Second In Babe Ruth League Finale

Lafayette wound up second in league play in Babe Ruth baseball behind the Pinole nine which topped the standings.

In tryouts held for the all star team, Lafayette placed four on the squad.

They are Bill O'Toole, first baseman; Dave de Varona, catcher; Steve Kosach, outfielder; and Brian Allen, pitcher.

SQUAD WORKOUTS were held Wednesday at Danville and Thursday at Acacoles.

Clubs involved in playoffs leading to a national champion take place for the locals this Saturday at Contra Costa College diamond in San Pablo.

The local all star squad, picked from Danville, Lafayette, Pinole, Pittsburg and Rodeo, is known as the Eastern Club.

Other teams involved in this weekend's play are the Western All Stars who will play the Eastern Division Saturday, while Oakland and Berkeley All Star teams tangle the same day.

WINNER OF Saturday's play will cross bats Sunday with the top club going on to Concord the following week.

The winner at Concord will go to the Northern California final to be played at Edwards Field of the University of California.

Berkeley was the winner last year and went to the national finals.

Monument Bowl Groundbreaking Rites Planned

Ground-breaking ceremonies will mark the initial phase of expanding Monument Bowl into one of the largest and complete bowling facilities in Northern California.

The addition of 24 lanes to the bowl will bring the total bowling capacity to 40 lanes. Dining and banquet facilities will also be improved as part of the expansion program.

Also scheduled to be enlarged at the Monument Bowl is the cocktail lounge which will include a piano bar and will feature nightly entertainment. The billiard room will also be remodeled.

This \$300,000 expansion project is expected to be completed by October 1.

Chop-Down Cars Get New Laws

Governor Edmund G. Brown said today that he has signed AB 2086 which prohibits the operation of a passenger type automobile modified to allow any portion of the vehicle to be lower than the lowermost portion of any rim of a wheel which is in contact with the roadway.

Recent fads, primarily by youthful operators of motor vehicles, have resulted in the lowering of automobiles so that there is inadequate road clearance.

Shank Cup Winner at Diablo CC

Bud Shank recently won the club championship for 1959 for Diablo Country Club. Bud is a three time former winner of this championship.

His play of 1959 set a new 72-hole course record of 69-66-65-69-269. Runner up Lloyd Rossi, twice a former Diablo club champ, scored 74-68-75-70-287.

Third place went to former Diablo Club champ Jim Frost with a total of 292. Winner for low net was five handicapper Larry Hudson with a 73-74-74-285.

Gael's Schedule Announced By Weaver

Varsity basketball Coach Jim Weaver this week announced a 24 game schedule for his West Coast Athletic Conference Champions, including an early December Eastern-Midwest swing to meet Evansville College, University of Wichita, Idaho State and the University of Utah.

The 1959-60 schedule also includes participation in the first WCAC Tournament set for December 28-30 in the University of San Francisco gymnasium. The League Champs have already drawn Seattle University, the only non-WCAC participant, in this round robin contest.

Rod's Revokes...

By ROD ERNST

"What is duplicate bridge?" This is the question asked recently by Mr. and Mrs. Carleton Rank of Lafayette. They were told that it is contract bridge at its best.

Instead of having to depend on favorable cards, you need only to play the cards dealt to you better than anyone else. "Say, that sounds like fun; we'll have to try it." The Ranks entered the Mixed Pairs event recently held at the Richmond Auditorium.

When they sat down at the table, they noticed these unusual looking "aluminum" boards in front of them with four slots filled with cards. One slot was marked dealer; two were red in color denoting one team was vulnerable.

"What do we do now?" Their agreeable opponents told them to take the cards out of the boards, shuffle and deal them. This done, the bidding took place.

The opening lead was made and oh! oh! hold it a minute. The Ranks asked, "What's the trouble?" When playing duplicate, the contestant winning a trick does not gather up the four cards and put them in front of him to signify that it is his trick.

Each player puts his cards directly in front of himself, face down; lengthwise to indicate his side has won the trick; sideways to show the trick was won by the opponents.

"Why do you do this?" the Ranks inquired. "Because after the hand is completed, the cards must go back into the board; then the board will be moved around to other tables for other teams to play. You see the scoreslip attached to the board? The result will be recorded."

At the end of the evening the team obtaining the best result will be awarded the highest score. "This seems like fun," Mrs. Rank exclaimed. "I'll have to tell my friends about it." (And well she might for they came in second).

The 23-table masterpoint event in Walnut Creek on July 14 showed the following team coming out on top:

Section A—Katherine Mullins, Concord; Bob Adams, Lafayette; R. A. Soderstrom, Orinda; K. C. Thornton, Lafayette.

Section B—William Johnson and R. I. Lutton, Walnut Creek; Vera Wallace, Concord; A. C. Kroeger, Danville.

Section C—Virginia Dunn and Les Wolfe, Oakland; Mr. and Mrs. Norwood Allen, Walnut Creek.

Right of Way Agent Wanted By EBMUD

An opening for an assistant right of way agent exists at the East Bay Municipal Utility District, according to an announcement made today by William J. Stephens, personnel division manager.

Final date for filing applications is August 3, after which a competitive civil service examination will be held to fill the vacancy.

Salary range for the position includes a beginning rate of \$530, an increase after six months to \$560, and after 18 months to \$591.

Among the requirements for applicants are college graduation or its equivalent and two years of employment in one of the following fields: real property or right of way acquisition, real estate brokerage, appraisal, title examining, map drafting, surveying as an instrumentman, or preparation of documents concerning real property rights.

With six years of such employment experience, high school graduation or its equivalent will be acceptable as well as any equivalent combination of education and experience, substituting one year of college education for a year of experience up to a maximum of four years.

A California driver's license and a satisfactory driving record also are required.

Application blanks are available at the personnel office at 2130 Adeline Street or any of the district's business offices in Alameda, Berkeley, Lafayette, Oakland, Richmond and San Leandro.

Elected As Grand Knight

Ross McKenna has been elected grand knight for the ensuing year of Lafayette Council 4060 of the Knights of Columbus.

McKenna succeeds Clyde Simpson who was elected to the office of trustee of Council 4060.

Other council officers are Joe Mikos, deputy grand knight; Fred Anderson, chancellor; Phil Gilbert, recorder; Bruno Chiavini, warden; Jim Walsh, advocate; Jerry Meder, treasurer; Walt Hurley, inside guard; Tom Bond, outside guard.

Six-point chairmen who will serve this year are Joe Mikos, general chairman; John Bartolero, Catholic activities; Dennis O'Sullivan, membership; Jack Howard, council activities; Bill Reddy, fraternal activities; Bob Miller, youth activities; Phil Gilbert, public relations.

Application blanks are available at the Personnel Office at 2130 Adeline St. or at any of the district's business offices in Alameda, Berkeley, Lafayette, Oakland, Richmond and San Leandro.

Community Effort Builds TB Patio

The "Patio Project," under-reached a successful conclusion taken by District No. 17, Junior Chamber of Commerce and your outdoor resting area for the tuberculosis patients who are hos-

pitalized at the County Hospital in Martinez. It all began when T. G. Heaton and Raymond Thayer of the Contra Costa County Planning Department listened to the hopes and dreams of the TB Association's rehabilitation committee chairman, and agreed to draw plans

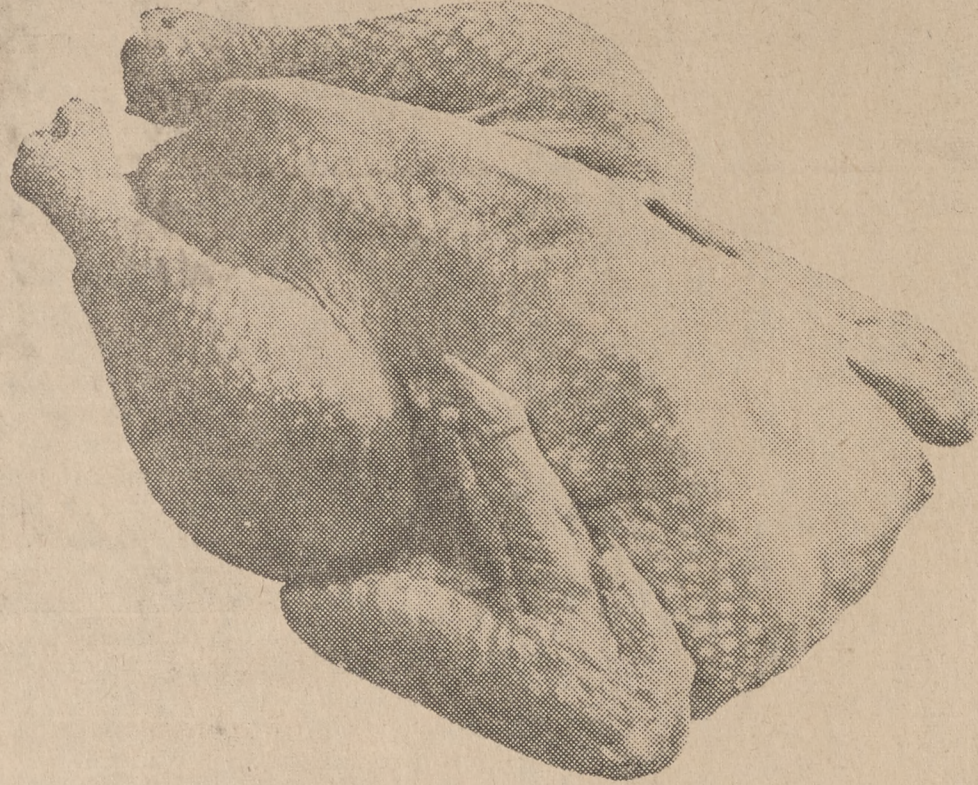

for this area. Cooperation of hospital officials was secured and the project was under way. Many business firms and individuals have given generously of time and materials to make this project possible. Cement was donated by Pacific Cement and Aggregates, Inc., Walnut Creek Ag-

gregate, Farmers Feed & Supply, Kaiser Building Materials and Diamond Building Materials. Through the generous assistance of Farmer's Feed and Supply, the cement batching was done, trucks were loaded and drivers from this firm and Walnut Creek Aggregates donated time to deliver this

material on Saturday. Two members of Plasterers and Cement Masons, Local 825, supervised the finish work. Fencing material was made possible through Diamond Match Company and stain was donated by the Sherwin Williams stores at Walnut Creek and Concord.

Wally's Rental Supply agency and Lucas Plumbing Company loaned tools and Michael Graves leveled the area. You can see this was truly a community project when it is added that 27 Jaycees from various locals in District 17 worked on three Saturdays to finish the

job. Added to this the Jayceettes from Walnut Creek, Antioch and Concord came along to serve lunch to their hard working husbands. Before the job is over other community groups will have donated money for garden furniture and for plants.

Service Pin Awarded to Gerard Berlin

Captain Gerard W. Berlin of Walnut Creek, acting master of the USNS Fred G. Ainsworth, a unit of the Military Sea Transportation Service, has been awarded a 2-year federal service pin.

Rear Admiral H. O. Larson, commander, Military Sea Transportation Service, Pacific Area, made the presentation at brief ceremonies aboard the Ainsworth this morning and lauded Berlin for his long and faithful service.

Berlin has been sailing with MSTs since its inception in 1950. Subsequent to that he served with the U.S. Marines, the old Army Transport Service and, for a period of two years, worked for the American Hawaiian Lines and the Matson Navigation Co.

Mike Ream Cops Second Place in Fisher Contest

Michael Ream, sixteen year old San Miguel Drive resident, has won second place state honors in the Fisher Body Craftsman's Guild model car competition.

Entered in the junior division, Ream will be awarded a \$100 prize for the wooden model design. He has been interested in cars "for as long as I can remember," according to his mother. The Las Lomas student clipped an ad from an auto magazine and completed his model just in time for the deadline date.

Captain Berlin, his wife Joyce, and their three children reside at 2025 Stewart Ave., Walnut Creek.

New Golden Gate Authority Created by Governor Brown

Governor Edmund G. Brown signed Senate Bill 576 (Senator John J. McCarthy, San Rafael), creating a Golden Gate Authority Commission to study and make recommendations on the possible merging of port, harbor, airport, bridge and other metropolitan transportation facilities in the San Francisco Bay Area.

The commission, which will have \$250,000 to do its work and is required to submit a final report within 30 days after the 1961 legislative convenes, will consist of six Bay Area residents and the state director of public works.

The legislation authorizes appointment of an executive director and such other staff personnel as are necessary.

It also sets up an advisory council of 14 members to represent cities and counties in the area, the Golden Gate Bridge and Highway District, and business and labor groups.

All appointments are to be made by the governor. The commission's legal existence ends December 31, 1961.

Some Plants Can Take It High on a Windy Hill

Living high on a windy hill may be refreshing, but it's a tough environment for some garden shrubs.

In fact, the gardener who lives anywhere in the path of a prevailing wind is often hard pressed to defend himself from it.

FOR THESE wind-blown few, the California Association of Nurserymen offers a list of plants that can take it. And any gardener who gardens in adversity—along the seashore or on a windy, sun-baked plot—will do well to pay it heed.

Cotoneasters, say the nurserymen, are plants that revel in the rough going. These robust berried shrubs, from the contour-hugging rockspray cotoneaster to the graceful and arching silver leaf variety, will serve you well in any soil, with little or no attention to water.

For purposes of providing a windbreak, however, the silver leaf cotoneaster stands head and shoulders above the others.

Karo pittosporum and its cousin, victorian box, are both candidates for an unfriendly climate or soil. Karo is probably the tougher of the two, its grayish foliage indicating a good resistance to drought, but victorian box is the more attractive for its waxy green leaves and the creamy white blossoms which provide a not-to-be-forgotten scent each spring.

NOTHING COULD be more typically Californian and few more adapted to any difficult condition, be it wind or drought, than the olive.

Indeed, wind enhances the grace of its airy gray foliage and while it may not enhance the crop, who cares? They're beautiful to look at!

Australian tea tree, a white-flowered, narrow leaf shrub often grows to grotesque shapes that seem born of the wind. Escalonia, clean looking even in dry, dusty conditions, take any wind but sometimes suffer from heat if

Tomato Plants Should Be Tied For Ripening

Here are things to do in your garden this week:

Stake and tie tomato plants to keep the fruit off the ground and to insure even ripening.

A dash of water on the leaves of plants makes the garden seem fresh, but it will do the plant no good unless you put plenty at the base, too. Water deeply.

Exhibition blooms on dahlias are the result of pinching side buds along the stem of the plant leaving terminal buds to grow for show.

Marguerites in gallon cans are available at nurseries to give you bloom color from the time you plant them in the garden.

Keep after weeds in lawn. Don't use the weed killers, however, on clover or dichondra lawns.

They're not selective to distinguish these from broad leaved weeds.

over exposed inland. Japanese privet makes as perfect a windbreak as it does a hedge.

Tips (More) for Local Vacationers

Many local residents are among the more than 200 million Americans who will be taking a vacation trip this year.

Here are some tips from Pacific Telephone manager H. C. Greenhalgh on how that trip can be more worry-free and enjoyable:

"Nowadays, many experienced travelers find that it's wise to make up a travel itinerary before they start on their journey," H. C. Greenhalgh said.

"The itinerary lists the phone numbers of hotels or motels where they have reservations and the numbers of friends and relatives they may be visiting. It's a good idea to leave a copy of this with relatives, neighbors and one's business office so quick contact can be made if an emergency arises."

In a similar fashion, Greenhalgh said, many vacationists take along the phone numbers of close neighbors, relatives and business contacts back home so they can readily check on various items.

"Naturally, as far as hotel and motel accommodations go, it's always a good idea to phone ahead for reservations," Greenhalgh noted.

"One good time to call, if the

traveler knows where he is going to be that night, is in the morning before departure.

"As an alternative, if the itinerary is a bit indefinite, it's a good idea to phone at mid-day, or in early afternoon, when it's possible to judge the day's progress, taking side trips into consideration.

"In either event such advance reservations can often permit two to three hours of driving with added peace of mind and enjoyment."

Rosicrucians Hold Wednesday Rites

The Oakland lodge of AMORC Rosicrucians, 263 12th Street, will hold its regular weekly convocation Wednesday, July 29 at 8 p.m. William L. Watson, master of the lodge will be conducting. The subject for the evening will be "Basic Rosicrucian Principles." Refreshments will be served during the social hour.

Rabies Threat for Campers Increase

"Rabies continues as a threat to summer campers," Dr. John Baier, assistant health officer, warned today.

In California during the first six months of this year, 48 out of a total of 74 reported cases of rabies occurred among our skunk population. The camper's chance of coming in contact with a rabid skunk is greatly increased. This is proved by unfortunate and tragic incidences each year.

Five Sacramento Boy Scout campers were attacked this spring by a rabid skunk. All five were given anti-rabies treatments. In 1957 three Concord children were bitten by a rabid skunk while camping in Napa County. They too were treated against rabies. A man and woman were attacked by a skunk while camping in Tulare County in 1954. The woman, who was bitten twice later, died of rabies.

The camper's best protection against being attacked by wild animals is to sleep off the ground and in a tent. Sleeping in the open, in a sleeping bag does not give much protection, according to Dr. Baier.

Since wild life is all about us in Contra Costa, all dogs should be vaccinated against rabies. By state law this is required in each California county where rabies occur. This provides protection for dogs and protects the owners who might be exposed to the disease acquired by their pets.

Muir Hospital Given Neighborhood Money

In memory of Shirley Ann Dorr, six-week-old daughter of Mr. and Mrs. George R. Dorr of Pleasant Hill, 16 neighbor families have joined in a contribution to the John Muir Memorial Hospital building fund.

The baby died last Friday afternoon at the Dorr home on Cleopatra Drive, apparently of pneumonia.

J. D. BIGGS, of the Contra Costa Sheriff's Office assists Dr. B. R. Coons during the Contra Costa Animal Control Dept. sponsored rabies clinic in Pleasant Hill. Learning about danger signs is Miss Sylvia Dunne. The dog is Cissie, a terrier.

District Banking Meet in Antioch

Some 300 bankers and guests whose president is Louis T. Bauman, Bank of America, Pittsburg, will be conference host. Heavy attendance is expected from towns represented in the chapter: Alamo, Danville, Walnut Creek, Lafayette, Orinda, Pleasant Hill, Concord, Martinez, Pittsburg, Antioch and Brentwood.

The American Institute of Banking is the adult education division of the American Bankers Association, providing educational opportunities in banking for employees.

The institute was founded 59 years ago and currently has a coast to coast enrollment of 154,000 members.

PTA Council Divides Into Two Groups

At the last meeting of the Mt. Diablo Council PTA on Thursday, June 25, the 32nd district was divided into two councils.

The remaining district, covering 22 schools, located in the Concord, Pacheco, Port Chicago, Pleasant Hill and West Pittsburg areas, will continue to hold meetings on the last Thursday of the month, from 9:30 a.m. until 12, at the Concord Recreation Center.

The first half hour of the meeting will be a coffee hour. Meeting dates for the Walnut Creek District Council, covering 14 schools in the Danville, Lafayette and Walnut Creek area, have not been chosen.

New officers named in the Mt. Diablo Council, which numbers 6700 members, are as follows:

Mrs. Milton Wood, president of the council, who has as assisting officers, Mrs. Everett Prewett, recording secretary; Mrs. Grover Chisum, financial secretary; Mrs. Ralph Johnson, correspondent; Mrs. William Mc-

Court, treasurer; Mrs. Leslie Frost, historian; Mr. Charles Murdoch, auditor, and Mrs. James Nixon, parliamentarian.

Mrs. W. J. Slobodnik, has been named director of organization with Mrs. Allan Fuller, honorary life membership chairman; Mrs. H. D. Briggs, room representative, and Mrs. W. W. Thompson, publications and emblems.

Dr. Lloyd Gass heads public welfare, with Mr. Sam Conti as legislation chairman; Mrs. David McWilliam, student welfare; Mr. Morgan Greenwood, juvenile protection; Mr. Robert Leedy, recreation and Mr. Milan Wight, youth group service.

Director of education is Mrs. Irving Anderson, while Mrs. Gordon Hammer is school education chairman.

Mr. James Dent heads safety as public health chairman and Mrs. Robert Grab, safety.

Chairmen-at-large are Mrs. Mrs. Everett Hinkle, hospitality; Mrs. H. D. Briggs, registrar; Mrs. Al-

QUESTION

A good question for drivers always to keep in mind is "can I stop in time?" Being able to stop in time can help you avoid the hazards that exist in today's traffic.

If your aim is for...

There are several Osmundsen Homes now being built that can be completed to your specifications.

Even when buying an Osmundsen Home that is well on its way toward completion... there is no need to settle for anything less than exactly what you want!

Unlike the ordinary "Ready-Built" home, the partially-completed Osmundsen Home will be finished entirely to your specifications. And—contrary to common belief—the home finished to your specifications in the Osmundsen way usually costs no more than the "Ready-Built" home!

Now is the time to see how much fun it is to have an existing, partially-completed Osmundsen Home finished the way you really want it!
